born on the
28th October 1955.

At school he was good at
Maths and Science.

He first
began to
use
computers
at Lakeside,
the private
school.

Bill Gates and his
schoolfriend
Paul Allen wrote
programs and
learned about
computers
instead of doing
their
schoolwork.

In 1973 they went to Harvard, America's most famous university. They wrote operating program for Altair and started Microsoft in 1975.

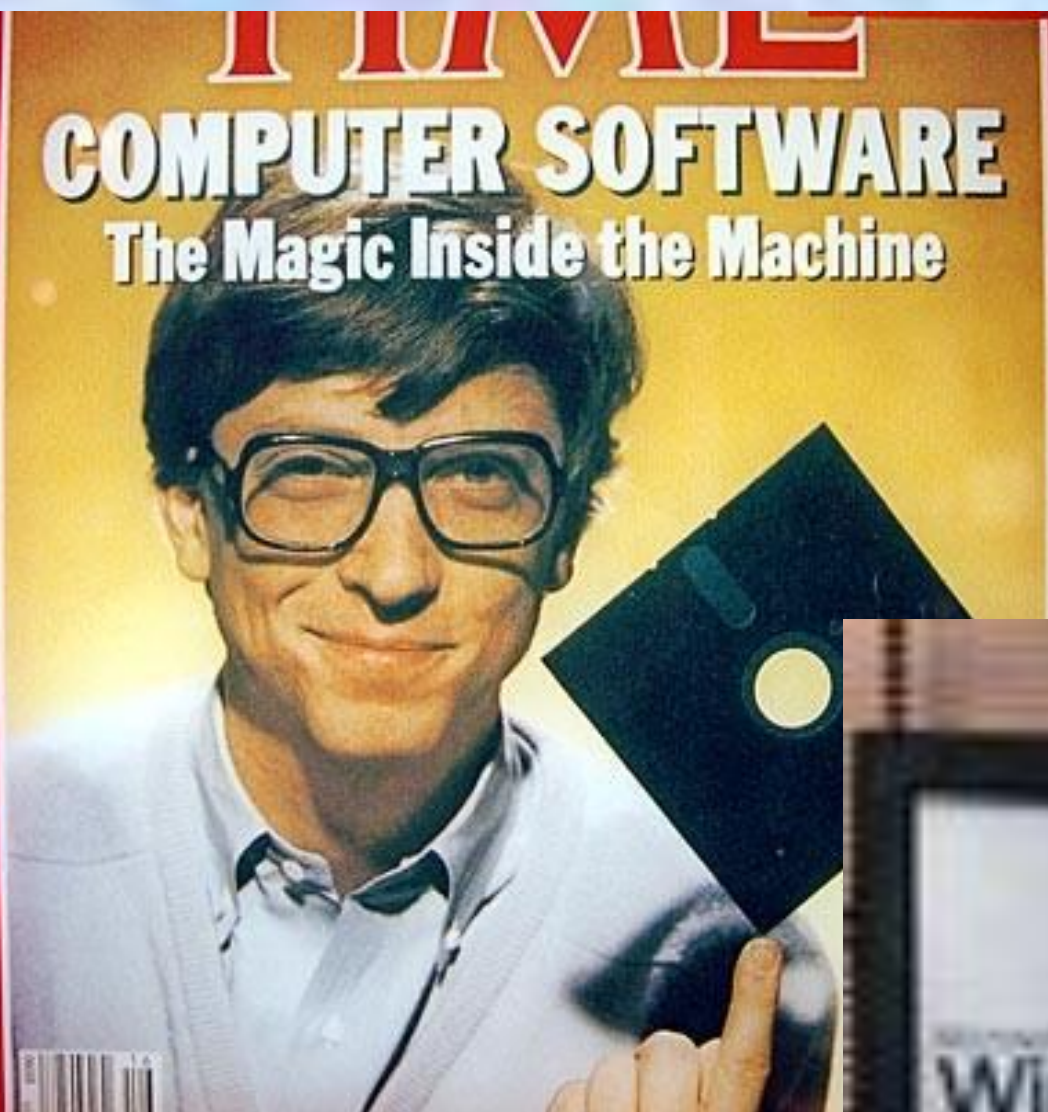

1975 г.

Студенты Пол Аллен и Билл Гейтс впервые использовали язык Бейсик для программного обеспечения персонального компьютера «Альтаир».

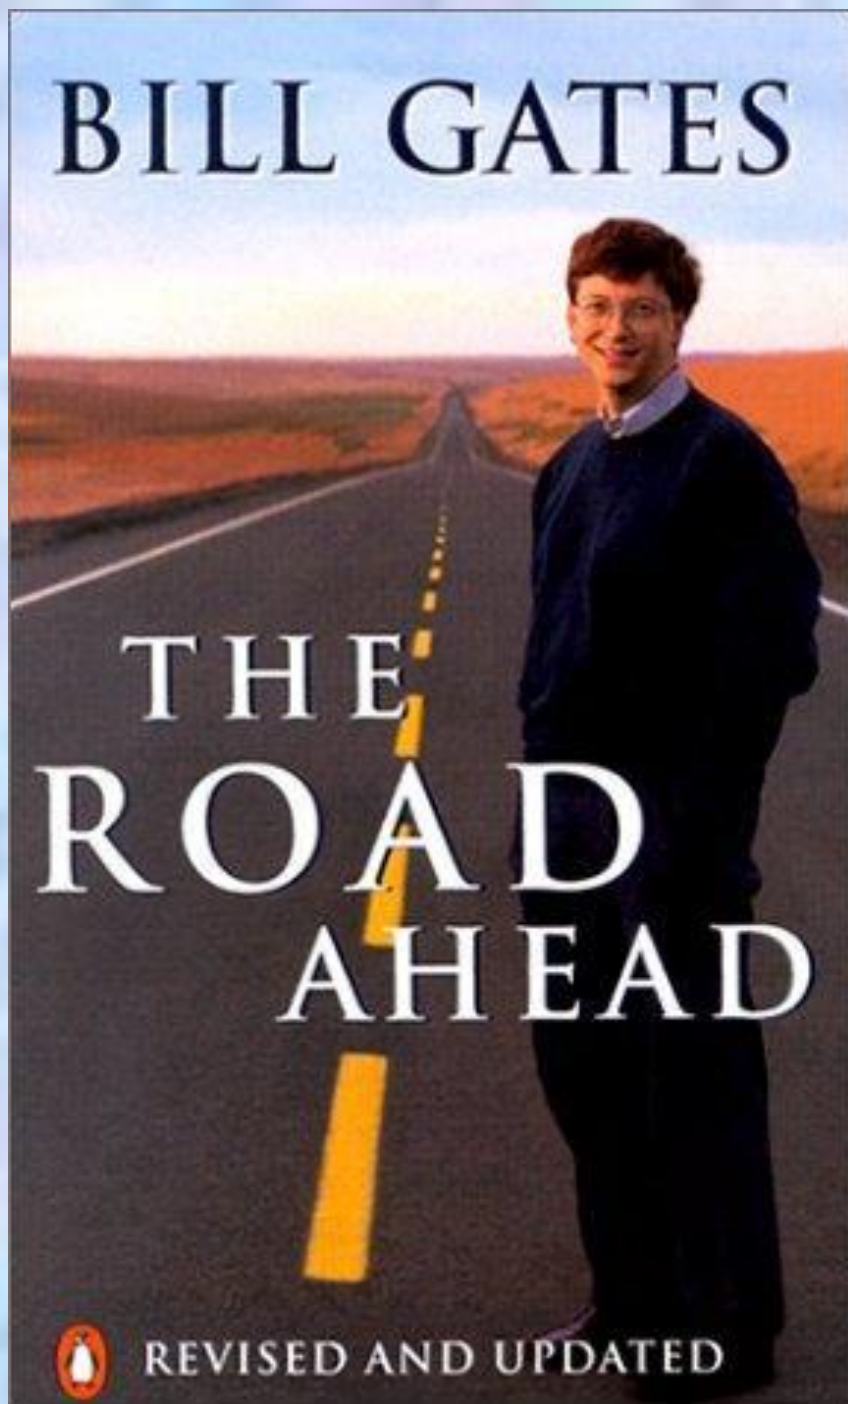

- Microsoft was a business success.
- The company turned into the world leading corporation producing PC software.

In 1994 Bill Gates married Melinda French, a Microsoft manager.

In 1995 B.Gates
wrote the
best-selling book
The Road Ahead.

Now Bill Gates has about 60 billion dollars.
He spends a lot of money on charity.
