Introduction

- The studying in England is very prestigious, interesting and popular all over the world. Every year hundreds and thousands of students come to this place to get the best education. It is hard to find parents who don't want to see their children as graduates of a British college or a University. And the aim of our project is to answer the question:
- **What is the secret of its popularity?**

Schooling

- Compulsory schooling in England and Wales lasts 11 years, from the age of 5 to 16. British schools have prayers and religious instruction.
- The National Curriculum which was introduced in 1988 sets out in detail the subject that children should study and the levels of achievement they should reach by the ages of 7, 11, 14, and 16, when they are tested.
- After the age of 16 a growing number of school students are staying on at school, some until 18 or 19, the age of entry into higher education in universities, Polytechnics or colleges.

Primary Education

Most children start school at 5 in a primary school. This school may be divided into 2 parts-infants and juniors. At infants school reading, writing and arithmetic are taught for about 20 minutes a day during the first year, gradually increasing to about 2 hours in their last year.

At 7 children go to the junior school. The children have set periods of arithmetic. Reading and composition which are all Eleven-Plus subjects. History, Geography, Nature Study, Art and Music Physical Education, Swimming are also on the timetable.

Secondary Education

- After the age of 11, most children go to comprehensive schools of which the majority are for both boys and girls.
- At 16 students in England and Wales take GCE and O-levels which were usually passed by about 20 per cent of school students.
- At 18 some students take A-level examinations, usually in 2 or 3 subjects. It's necessary to have A-levels in order to go to university or Polytechnic.

- Well done!!!

Next

Conclusion

We were delighted to write on the subject in which we have a great interest. We did our best to talk about important matters in a clear and simple way. Now we know more about the secret of British Education!

Our project will be interesting for school children and for teachers of English.

- Thank you for your attention!
