Band's debut album became the best selling album of the rate in British music history. It outstripped the album "Definitely Maybe" written by band Oasis. Arctic Monkeys is one of the most famous post-punk band in the UK and the world.

Friends and neighbors Alex Turner and Jamie Cook became interested in playing the guitar in 2001. That same year, the guys got guitars as a gift for Christmas and decided to pick up a guitar band, to which they have signed Matt Helders and Andy Nicholson.

Nicholson had already played the bass guitar, so Helder had to learn the game on drums. First Alex Turner shared responsibilities vocalist with Hlinom Jones, who left the band before the recording of the first album. Their first live concert was played on June 13, 2003 in Sheffield club "The Grapes". Andy Nicholson has left the band after the first album was released .

Like I just wish I could meet someone who loved the Arctic Monkeys as much as I do and we would just spend days listening to their music and crying.

# **STILL TAKE YOU HOME**

Well it's ever so funny,  
Cause I don't think you're special, I don't think you're cool  
You're just probably alright,  
But under these lights you look beautiful.  
And I'm struggling, I can't see through your fake tan  
Yeah and you know it for a fact, that everybody's eating out of your hands

Well what do you know? oh, you know nothing  
But I'd still take you home,  
Yeah, I'd still take you home.  
So what do you know? you don't know nothing.

Well fancy seeing you in here, you're all tarted up and you don't look the same.  
Well I haven't seen you since last year,  
And suprisingly you have forgotten my name, but you know it  
And you knew it all along  
You say you have forgotten,  
But you're fibbing, go and tell me I'm wrong.

Well what do you know? oh, you know nothing,  
But I'd still take you home,  
Yeah, I'd still take you home.  
So, what do you know? you don't know nothing, no.

Yeah, so what do you know? well you don't know nothing, no!  
Yeah, but I'd still take you home,  
And yeah, I'd still take you home.

I said, what do you know? you don't know nothing.

I fancy you with a passion, you're a topshop princess, a rockstar too.  
You're a fad, you're a fashion  
And I'm having a job trying to talk to you,  
But it's alright, yeah I put it on one side  
And you know that everybody's looking, you've got control of everyone's eyes.  
Including mine.
