

# PROJECT WORK

# *Dependence on social networks*

Worked on the project:

*Nikolashkina Tuyaara  
Abdushukurov Mukhammad*

# PLAN

- Purpose
- What about a social network?
- Most popular social networking sites among Russian students
- Plus and cons of social networks
- Survey
- Solution our problem
- Conclusion

## Purpose:

- figure out which social networks are popular among students
- Consider the pros and cons of social networking
- figure out why the students are sitting in social ne
- find a solution

**Social network** – it's website with the ability to specify any information about yourself (school, college, birth date, etc.) for which you will be able to find other members of the network.

## Advantages of social networking

- Find the right person or group of people and discuss topics;
- You can download your favorite music or video;
- Make photo albums;
- Read the latest news;
- Organize and join interest groups;
- Play games, etc.

## Cons of social networking

- **Waste of time**
- **Preference for virtual than reality**
- **Dependence**
- **Unprotected personal data**

# Most popular social networking sites among Russian students

*My world, mail.ru*

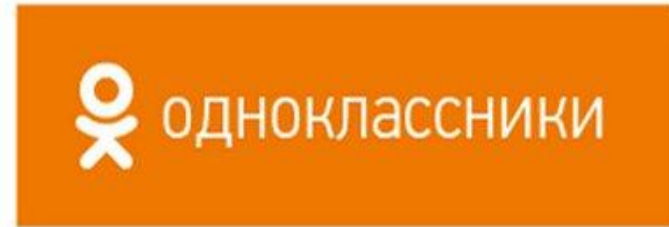

*Instagram*

*Instagram, instagram.com*

*VKontakte, vk.com*

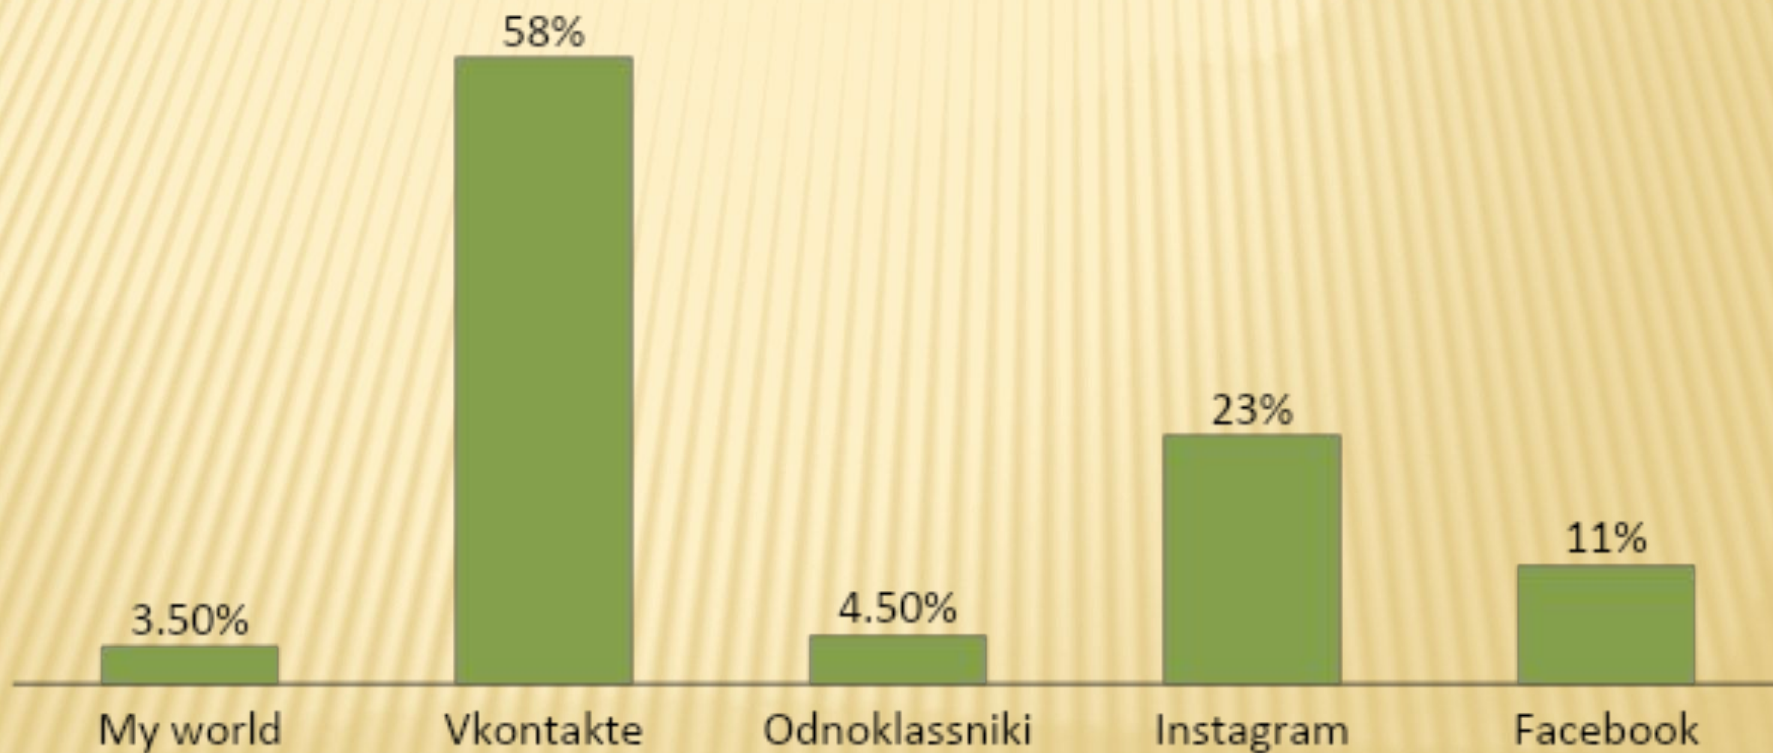

*Classmates,  
odnoklassniki.ru*

*Facebook, facebook.com*

# SURVEY

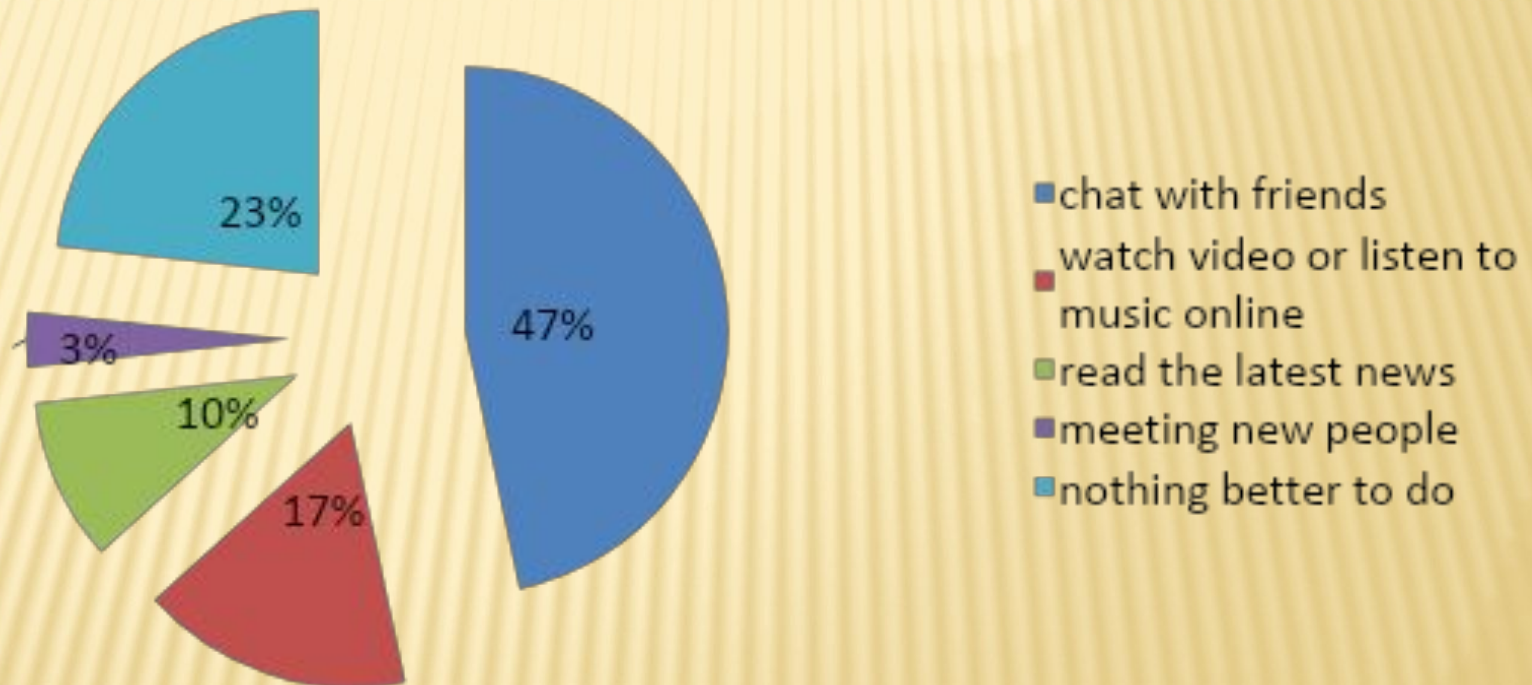

---

# WHY DO YOU SIT IN SOCIAL NETWORKS?

---

## *Solution*

- Limit your time in the social network, set yourself a time frame;
- Spend your free time for the benefit of themselves;
- To turn off all social networking notifications that come in the mail;
- Try to meet friends in person;
- Replace reading the news in the social networking reading newspapers, books, magazines.

# Conclusion

Remember one thing, it is not necessary to sacrifice real life, because the world around more interesting and fun. Learn to use the resources of social networking for the benefit of themselves and only when absolutely necessary.

A vibrant sunset or sunrise scene over a dark ocean. The sun is a bright, glowing orb positioned slightly to the right of the center, partially obscured by wispy, golden clouds. The sky is filled with horizontal bands of light and dark orange and yellow, creating a dramatic, layered effect. The overall color palette is warm and monochromatic, dominated by shades of orange, gold, and brown.
