

# My invention

FIRST OF ALL, I WANT TO SAY, THAT THEY AREN'T MY OWN INVENTIONS, BUT I HAVE AN IDEA OF THIS WHEN I'M DOING HOUSEWORK. I SEARCHED THE INTERNET FOR THEM, BUT I ONLY CAN FIND A CONCEPTS. OF COURSE THIS THINGS WON'T CHANGE THE HOUSEHOLD WORK AROUND THE WORLD, BUT PROBABLY WILL MAKE IT EASIER AND BETTER FOR EVERYONE.

# Mirror Wiper

- Why should wipers only be found on car windshields?
- It's very comfortable after having a hot bath, you just have to move wiper up and down to see yourself.
- It's not leaving any stains after

# Ring Thing Bottle Opener

# Ring Thing Bottle Opener

- Perfect and of course useful invention for everyone.
- You are walking around the street, want to drink some fresh water, but you realized you don't have a bottle opener. This ring would deal with it
- You can choose any color you like

# Toothpaste Tube Squeezer

# Toothpaste Tube Squeezer

- When we are run out of the tube we always have some extra toothpaste or any other product at the bottom, so now you don't have to throw anything away
- It's a way better, when a tube is hanging at the mirror, instead of laying somewhere in the bathroom

# Ironing Board Mirror

# Ironing Board Mirror

- One of the most strange and interesting concepts for everyday life
- You are ironing your new dress and want to see how it fits you and how you iron it. Now it's no need to go through all the house for a mirror, just reverse the board and its done
- Made from heat-resistant glass

 I hope that soon we can see all of this  
concepts on our shops and markets!

Thanks for your attention!
