

Unusual houses

House "Forest Spiral", Darmstadt,
Germany

The house was built in the period from 1998 to 2000 years.

One of the features of the facade of a residential building can be called unusually located windows. In the forest helix, they do not form straight lines, but scattered along the walls in chaotic order.

The author of this architectural miracle is Frederick, a renowned Austrian architect and artist..

Basket Building, Ohio, USA

A family-owned and operated business, the Longaberger Company was started by [Dave Longaberger](#) in 1973

The Longaberger Company is an American [manufacturer](#) and distributor of handcrafted [maple wood baskets](#) and other home and lifestyle products..

Wonderworks, USA

“Wonderwords” is a mystical museum in Tennessee.

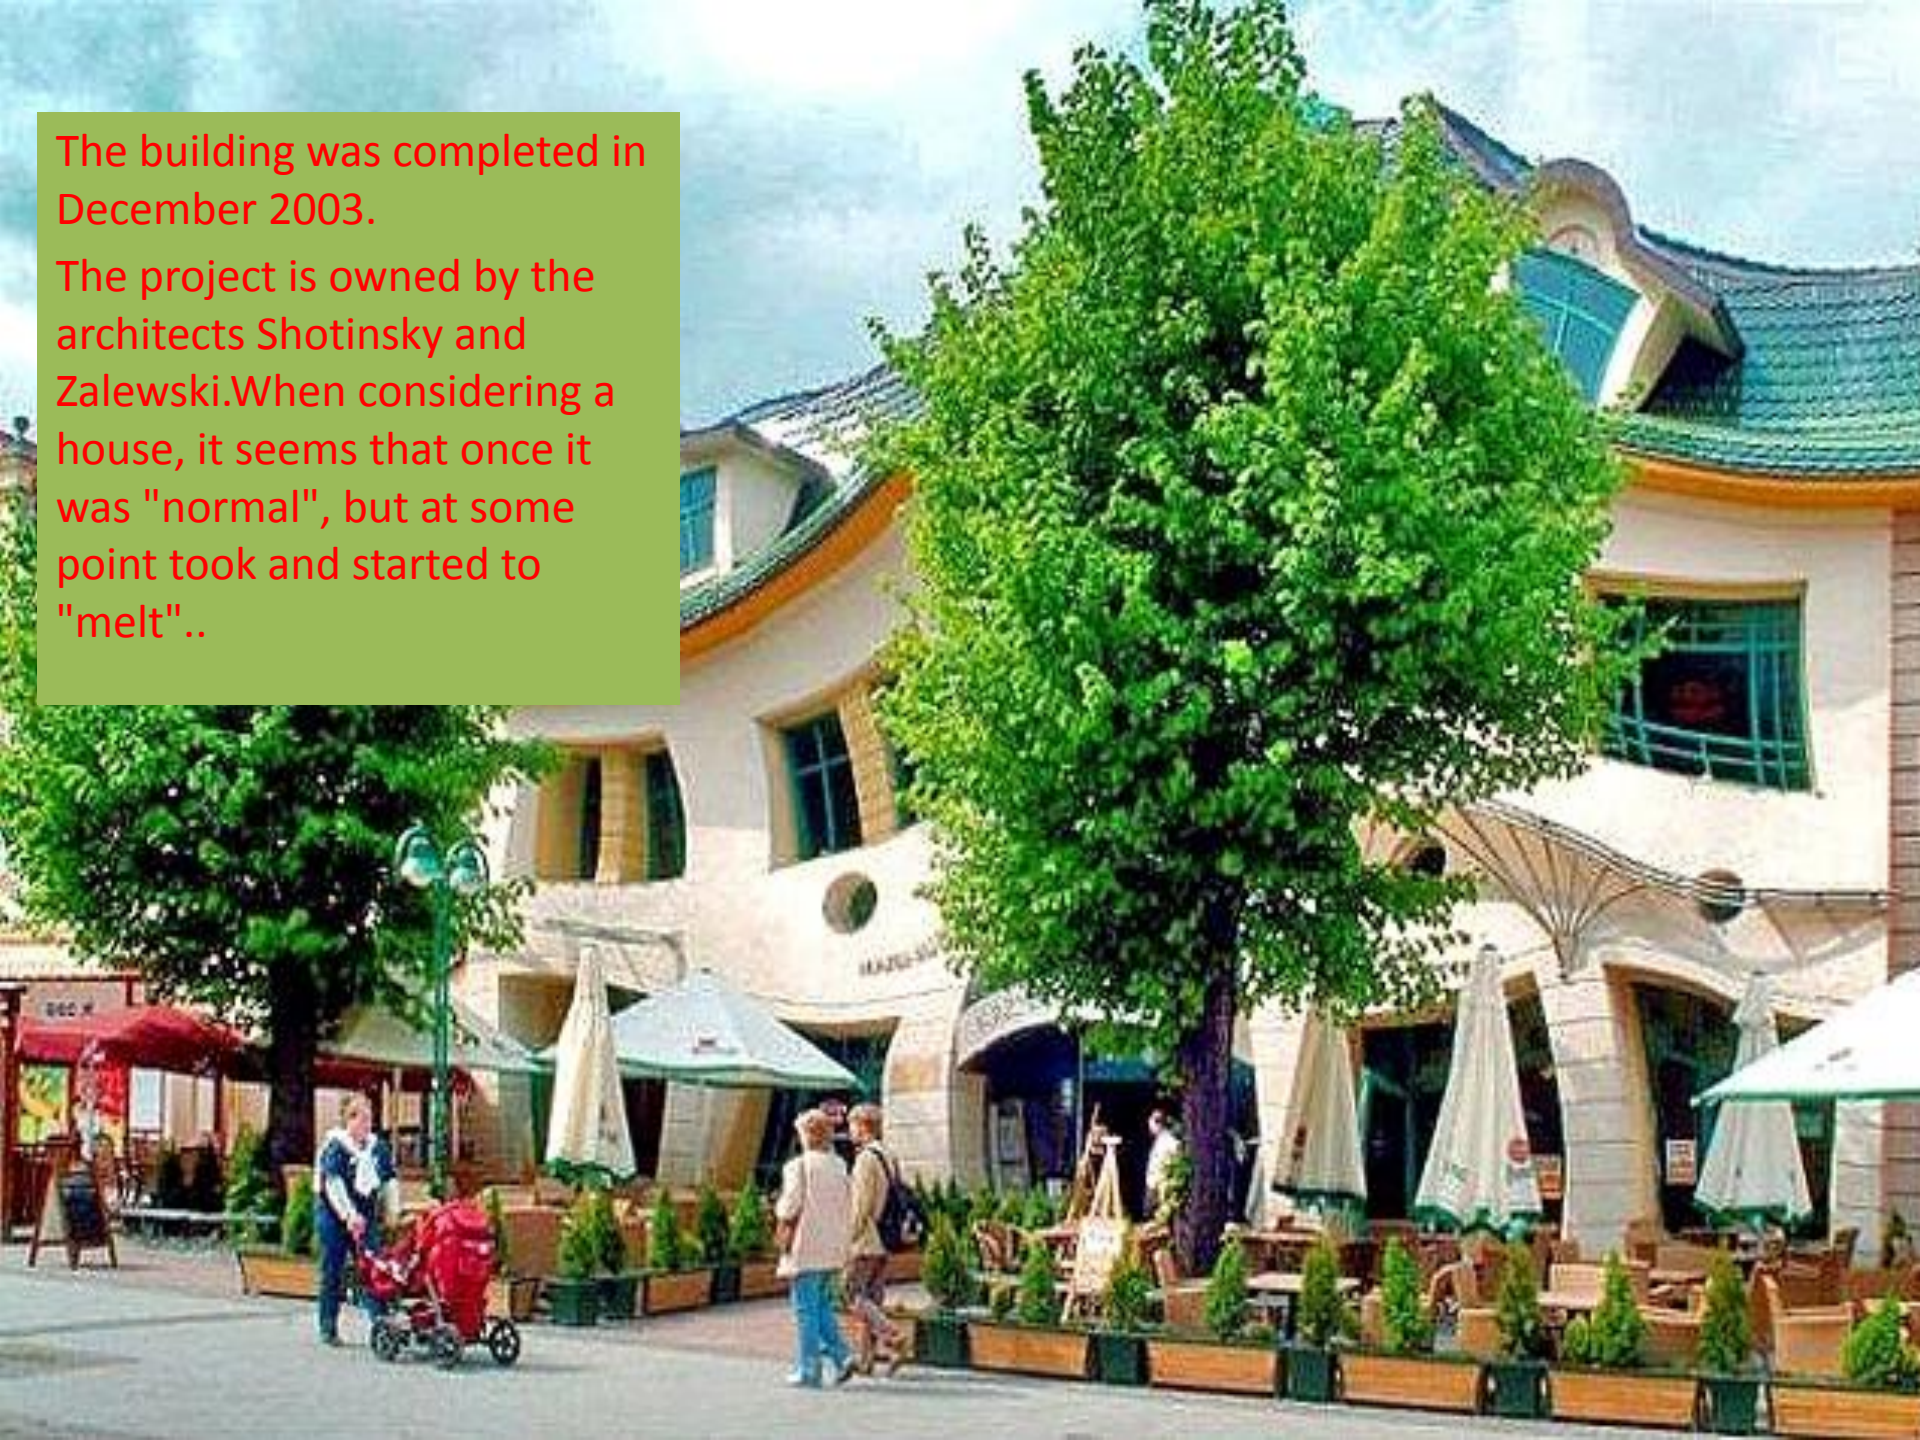

The building was once a research laboratory and was located on one of the islands in the area of the Bermuda Triangle. Scientists who worked and experimented with this building created a whirlwind, a giant tornado, but they did not calculate their strength. Whirlwind grabbed the house, and he landed almost intact on his roof.

"Curved House" (Sopot, Poland)

The building was completed in December 2003.

The project is owned by the architects Shotinsky and Zalewski. When considering a house, it seems that once it was "normal", but at some point took and started to "melt"..

Habitat 67, Montreal, Canada

Habitat 67 - residential complex in Montreal.

Moshe Safdi, a Canadian-Israeli architect, chaotically placed 346 disparate cubes each other.
