People cannot live without music. They can listen to music everywhere even in the forest, when they walk and listen to birds singing.

Music can be classical and modern. Classical music is performed by symphonic orchestras in great halls. There are a lot of famous composers whose music is played nowadays. Classical music is serious and requires good understanding.

Most people prefer modern music. Modern music is performed on TV and radio. Modern music has different genres: pop, rock, disco, rap, techno and others. Most young people like dance and pop. Older people are fond of jazz, rock and pop. There are a lot of singers and music bands who perform this or that kind of music. Now there are a lot of discs and records of different performers.

My favorite group is "Linkin Park". They sing in different styles, such as: alternative, new metal, heavy metal and rock. I like this group because of good texts. This group was formed in 1996. They released 9 albums. I like all their songs without distinction. My favorite song is "In The End". There are six men in this group: Chester Bennington, Mike Shinoda, Rob Burdon, David Farrell, Bred Delson and Joe Hahn. The most prominent person of the group is Chester Bennington. He is very talented. Also I like him because he made his musical career , he writes poems and composes music. Nowadays he is taken the 27th place in the hit parade list of "100 of all times top heavy metal vocalists".
