You are going to give a talk about books.

- **whether reading is still popular with teenagers, and why, or why not**
- **what kind of books you like reading**
- **why many people prefer e-books to paper books**
- I am going to give a talk about books. To my mind, reading is not so popular nowadays as it was a couple of decades before. There are several reasons for this. First, teenagers now have far more ways to entertain themselves. We have an opportunity to play computer games, listen to countless number of songs and watch any films we like on the Internet.
- As for me, I like reading very much. My favourite kind of books is adventure stories. I like adventure stories because they make my monotonous life more exciting and interesting, give me an opportunity to travel around the world.
- Most people nowadays prefer e-books to paper ones, as paper books cost more and occupy a lot of place in your home. Some really huge paper books are too heavy to be taken with you. As for the e-book, you can take it with you wherever you go.
- All in all, despite the fact that reading is not so popular nowadays, it continues to remain one of my favourite pastimes.
- That's all I can say about books, thank you for listening.

- **what kinds of films modern teenagers enjoy**
- **where you prefer watching films: on TV, on the Internet or in the cinema, and why**
- **what film you have seen recently, what it was about**
- I am going to give a talk about films. To tell the truth, modern teenagers enjoy different kinds of films. Thrillers, comedies, adventures, science fiction films and even horrors are among teenagers' favourite films. Besides, some of teens prefer watching action films and, unfortunately, crime films.
- In my opinion, watching films on the Internet is more convenient because I can always pause the film when I really need it. For example, if I have to answer the phone call. More than that, watching films on the Internet is free, that's why I can do it every day if I want to.
- Personally, I watch films online very often. I have seen "The Match" recently. The film is a patriotic action movie about love between the Dinamo team captain and a German language schoolteacher during World War II. Although, the Soviet team wins, the ending of the film is tragic.
- That's all I can say about films, thank you for listening.
