17 Then salomon numbered all the
18 aliens who were in the land of israel
19 after the census in which david his
20 father had found to be one hundred
21 there were found to be one hundred
22 three thousand seven hundred and
23 eight hundred and thirty
24 And he made burdens, eighty
25 thousand stonecutters in the moun-

17 In the plain of Jordan the king
18 made the bronze for the house of
19 the LORD. He made two pillars,
20 one on the right hand and one on
21 the left, and the name of the right
22 pillar was Jachin, and the name of
23 the left Boaz.
24 Furthermore he made a bronze al-
25 tar, twenty cubits was its length,
26 ten cubits its width, and ten cu-
27 bits its height.
28 Then he made the Sea of cast
29 metal, ten cubits from one brim to
30 the other, it was completely round,
31 and its height was five cubits, and a line
32 of thirty cubits measured its circum-
33 ference, under it was the likeness of
34 a network encircling it all around, ten to a
35 cubit, all the way around the Sea.

36 Furthermore he made the square of
37 the tables, and the great court, and
38 their doors with bronze, and he
39 overlaid the Sea on the right side,
40 and he made one hundred bowls of
41 the tables, and the great court, and
42 their doors with bronze, and he
43 overlaid the Sea on the right side.
44 Then Huram made the pots and
45 the shovels, and all their articles,
46 his master craftsman made of bur-
47 nish bronze for King Solomon for
48 the house of the LORD.
