Some people go in for sports professionally and some for their health. There are many stadia, swimming-pools and sport clubs in each town. Many people do their morning exercises.

There are many kinds of sport which are popular all over the world ,such as football,volleyball,basketball,skiing,figure-skating and others.

Dancing make people more mobile and gymnastik. Recently I and my frends paticepate in dance competicion in Kirowograd. We took third place. And I also want to visit this plase again.

Usually, when talking about winter sports we have in mind all sports having to do with ice and snow. But some sports such as hockey and figure-skating, should be considered summer sports. They are played all over the world on artificial ice rinks.
