

High technology performance combined with a uniquely crafted 'S' shape lid handle, provides great durability, exceptional heat conduction and a beautiful look.

OUR BRAND PROMISE

If you are not satisfied with the performance of our non-stick system, we will replace it COMPLETELY FREE OF CHARGE. THAT'S OUR PROMISE TO YOU.

TOTAL® Non-stick System

- The hi-low circular grooves significantly reduce abrasion and as a result create an exceptional non-stick surface.
- The triple layer non-stick coating also requires little or no oil for cooking.

Hard Anodized Non-stick

- Durable hard anodized construction is twice as hard as stainless steel and offers exceptional heat distribution.
- Black coloured non-stick exterior makes clean up effortless.

Stylish Stainless steel fittings.

- Uniquely crafted 'S' shape stay cool lid handle.
- Double riveted cast stainless steel handles for safety.
- Deep seated stainless steel lids fit securely and are oven safe to 500

- Suitable for use on all hob tops.
- Oven safe to 500
- Dishwasher Safe
- Lifetime Guarantee
