

A black and white photograph of a modern office space. A person is seated at a desk, viewed from behind, working on a computer. The desk is equipped with multiple monitors, a laptop, and various office supplies. A large, colorful, semi-transparent diamond-shaped graphic is overlaid in the center of the image, containing the text 'ICX'. The office has white walls, framed artwork, and a striped curtain on the right. There are four small square markers: two purple ones in the top corners and two cyan ones in the bottom corners.
