Happy new year

All our friendly family gathers, father, mother, grandmother, brother and me . We start preparing for the holiday in advance. To do this, choose the most beautiful and fluffy Christmas tree. Decorate it together and be sure to hang garlands. Mother and grandmother prepare different dishes for the new year's table. After midnight we go out into the street and launch fireworks.

Carnival

On this holiday my mother and I bake delicious pancakes. Later, my brother and I walk, ride an snow slide or go to the rink and skate. In the evening we watch the carnival burn .

International Family Day

My beautiful family day began with presents. I gave flowers to my mother. Then we went to the store and bought gifts for the grandparent to congratulate them. In the evening we all watched a fun family movie.

Thanks for attention
