Rivers

Rivers in Great Britain are not very long. The largest of them are the Severn, the Clyde, the Mersey and the Thames.

The Thames is the most important river.

The capital of Great Britain, London stands on the Thames.

Lakes

England is famous for its beautiful lakes.

Lake District is really very interesting to see. The water in the lakes is very clean.

And, of course, lakes in Scotland are well-known too. For example, Loch Ness is famous for its legendary monster.

*Divide the words into
two groups:*

Great Britain, Snowdon, Scotland, Thames,
Loch Ness, Clyde, Severn, Ben Nevis

the
