THE PICK OF SKIRTS. With a wardrobe stocked with a team of skirts, you'll find yourself racking up fashion points on any occasion. Skirts are much more than understudies. They are active players towards the young fashion image. Pick classic skirts that dance with pleats, either all around or in clusters like kilts, decorated with tabs. Choose pantskirts, the great new stride-about contemporaries in honest-to-goodness versions or disguised with panels. Add the scooter (micro-mini) length. Such a multitude of skirt ideas challenge the imagination in fabrics. Use plaids, checks, and colorful solids, all with great team spirit to mix and match gaily with assorted tops.

8596: set of skirts to give you a choice for almost any occasion. All have yoke tops. One view has a pointed one with front inverted pleat. Another is a sassy side-pleated skirt with a kilt look. Pattern also includes a button-trimmed panel view. Misses' 8-18. 75¢.
8397: a wardrobe of skirts in two lengths, including a scooter pantskirt, a round-robin pleated view for plaids and a kicky kilt pleat with tabs, a great style for pastel plaids, the brilliant tartans. Pattern includes two other versions, too. Waist 23"-29". 75¢.
 Left to right: Folker herringbone blend. Fabricators check, Golo shoes. Folker rayon, Prestige socks. Fabricators herringbone, Olaf Daughters shoes. Fabricators pastel plaid, Golo shoes.

Elégance boutique

Symboles de l'évasion des vacances, les couleurs fraîches et le blanc pur pour vivre dans une nature sans pollution! Pantalon de jersey et chandail côté, à manches courtes, ceinturé de blanc, portés en toute liberté sous un blazer à carreaux dans des tons acides et froids.

An impeccable pair of white trousers, a ribbed pullover, and rainbow-hued tartan blazer symbolize holiday living, "escape" to the sea, the sun, and fresh air. These jersey pants cut with wider legs, team up to a short-sleeved cotton sweater. The wildly wonderful blazer can be worn with many other basic outfits as well.

Trend-Setter der neuen Sommermode: der Saint-Tropez-Karoblazer! Er wurde von unseren Stilistinnen in Paris, New York und Rom als Top-Modell der neuen Elégance Boutique-Kollektion ausgewählt. Er wird getragen zu weißen Hosen und weißem Pulli... oder zu leichten Sommerkleidern... oder über Bikinis...

La journée continue

Le matin tôt (pour ouvrir le courrier) et le tard pour que le patron signe le courrier à quitter le bureau, souvent la journée continue tous les jours de la semaine la même sérénité souriante... et le dosage de mode et de sensibilité que le patron apprécie et que le cheffersonnel supporte! Une bonne secrétaire une perfection humaine! Etes-vous dans le bureau où le pantalon est autorisé? Nous en faisons quelques-uns ou ce n'est par le (sans parler de la mode du short qui est très au large de ces bureaux rétrogrades!). D'une manière générale, le pantalon est apprécié dans le monde du secrétariat (finis les bas qui filent sur un coin de bureau ou l'a d'un tiroir!). Et ce sera, cette saison, l'occasion de porter les chemisiers stricts et les larges vates de la mode. Mais celles qui se préfèrent plus féminines, adopteront la robe-chemisier, jupe plissée, portée avec un débardeur cache-

The Office Girls

More and more women are working every day off to an office from choice or necessity. Trou are now as commonplace in the office as a typewriter and a great way to thwart the male ogler. A long black jersey coat slips on over a sandy beige shirt and the pants that reappear page 23. The grey flannel trousers from page 12 play up the grey-and-white striped shirt with own matching wide cravat. Another shirt-necktie combo come in the E.B. signature that are also shown on pages 5 and 12 with navy trousers from page 5. The flannel pants out with a forest-green round neck pullover a white shirt sporting the popular star print you do vote for dresses in the office, choose unobtrusive styles as the shirt dress with pleated skirt worn under a navy-blue debardeur. Chic und funktionell

Allmählich entdecken es auch die Modernen intelligenten Frauen sind sehr sexy. Sie haben ihren unterkühlten Sex entwickelt, der Männer heute sehr verunsichert. Solche Frauen wissen ganz genau, daß Sex unter anderem auch mit Mode zu tun hat. Sie planen daher ihre der nach zwei Gesichtspunkten. Erstens müssen sie ihrem emanzipierten Typ entsprechen zweitens müssen sie natürlich funktionell sein. Zu diesen Frauen paßt unsere Serie „Büromode“. Sie tragen zum Beispiel einen legeren, hochwertigen Jerseymantel, der praktisch zu tragen paßt. Sie tragen Hosen in allen Variationen von Leinen, Jersey oder Flanell – mit strengen wattenblusen und Pullis. Sie tragen Hemdblusenkleider mit knappen Gilets und geben viel für anspruchsvolle Accessoires aus. Sie kennen das „Spiel „Variieren mit Accessoires“ bis zur Perfektion. Denn sie haben nur wenig Zeit, müssen abends oft im gleichen Dress ausgehen, dem sie morgens zum Diktat erschienen

Les juniors au bureau

L'école de secrétariat dure deux ans - et l'on n'est pas encore bien vieille à la sortie. La garde-robe junior peut aller au bureau, et personne ne se sentira déguisée, en robe ou jupe ecossaise plissées, ou en pantalon. La mode des chemisiers et des chandails se retrouve ici en pleine action, et les couleurs vives mettent de la gaieté dans un bureau moderne, tout blanc. Photos 1 et 2, la même jupe écossaise rouge et blanche, portée avec des cardigans bleu marine ou blanc, en coton mercerisé. Photo 3, c'est le pantalon de jersey rouge (que vous avez tant vu sur les photos de vacances, page 5 et 41) et le cardigan de cachemire rouge, une vraie folie, mais irrésistible pour un budget de débutante. Attention! Le sac posé sur le bureau est une vraie merveille d'organisation pour une secrétaire, débutante ou non: il est spacieux et bien distribué, et porte à l'arrière une poche spéciale où ranger un petit carnet de notes. Photos prises dans les bureaux proposés par «Design» et «Meubles et Fonctions».

Don't Jilt The Kilt

A classic kilt skirt will find a niche in every wardrobe; perfect for all the shirts and sweaters you have collected to wear with pants. The gay red-and-white tartan at the left worn with either a navy or white cardigan is entirely pleated all around, while the sheer wool kilt at the right has a straight front panel contrasting the overlaid pleats at each side. Tartan keeps to the straight and narrow in the shirt dress at the far right; as trim as the ultra-modern desk from "Meubles et Fonction". The red trousers from page 5 and the cardigan from page 12 team up to a graphic-art shirt; bold squiggles printed over line checks. The handbag posed on the desk could prove to be the best friend any secretary ever had; a roomy satchel with a special compartment at the back designed to hold papers; a notebook, passport, and what have you. The red pouch in photo 3 also has a separate compartment on the outside.

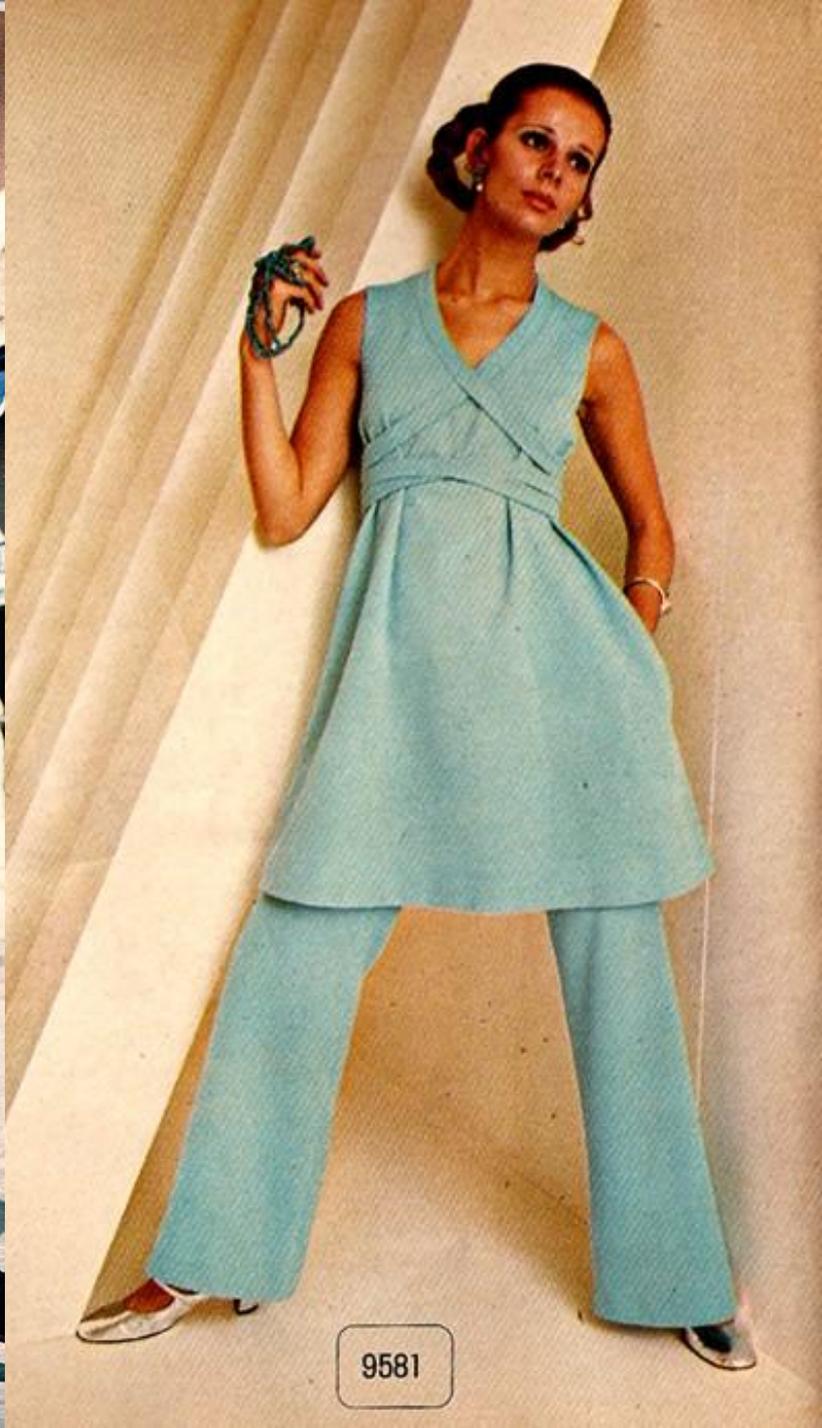

Chic und selbstbewußt

Intelligente Frauen sind sehr selbstbewußt. Sie haben aber längst erkannt, daß sie ihr Selbstbewußtsein nicht nur ihrem Wissen, sondern auch ihrer Erscheinung verdanken. Sie wissen daher sehr genau, wie wichtig Frisur, Make-up und Kleider sind. Zu solchen Frauen paßt unsere Serie „Büromode“. Sie tragen sportliche Faltenröcke mit schicken Baumwolljacken wie in den Fotos 1 und 2 oder leichte Karofaltenröcke mit Polobluse und Gilet wie im Foto 5. Sie tragen gut sitzende Jerseyhosen mit frischen Impré-mé-blusen und lässigen Cashmerejacken. Vor allem haben sie für heiße Sommertage mindestens ein unempfindliches Baumwollkleidchen, in dem sie abends noch genauso gepflegt wie morgens aussehen. Was Sie sonst noch ins Büro anziehen können, finden Sie auch in den anderen Serien der Elegance-Boutique-Kollektion. Jede Serie der Kollektion ist so gestaltet, daß die Modelle vielseitig kombiniert werden und Sie Ihre Garderobe nach Ihrem Geschmack und Budget planen können.

CAPRICORN

(December 22—January 19)

Yours is the sign of the Goat, something you rarely are. Sober, reflective, you're not likely to be part of practical jokes—more on the droll side. Try livening up the scene with brighter colors, madder mixes. Get away from conservative solid fabrics, try new prints and plaids. Surprise yourself by going out-and-out feminine in a pretty dress.

8403: plaid suit with coat and A-line skirt. Also pants pattern with detachable bib. Misses' 8-16. 85¢. Plaid, Arthur Zeller. Earl-Glo Milium satin lining. La Mode buttons.

AQUARIUS

(January 20—February 18)

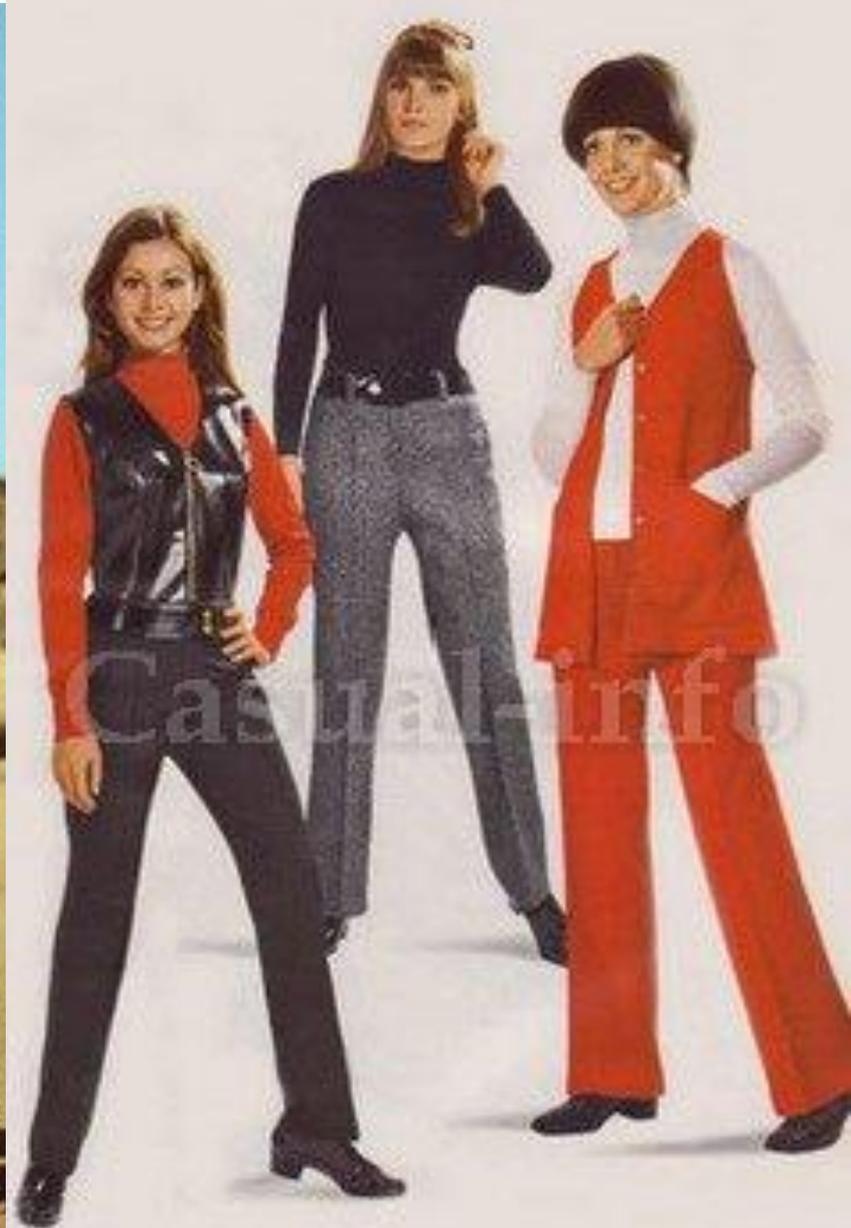

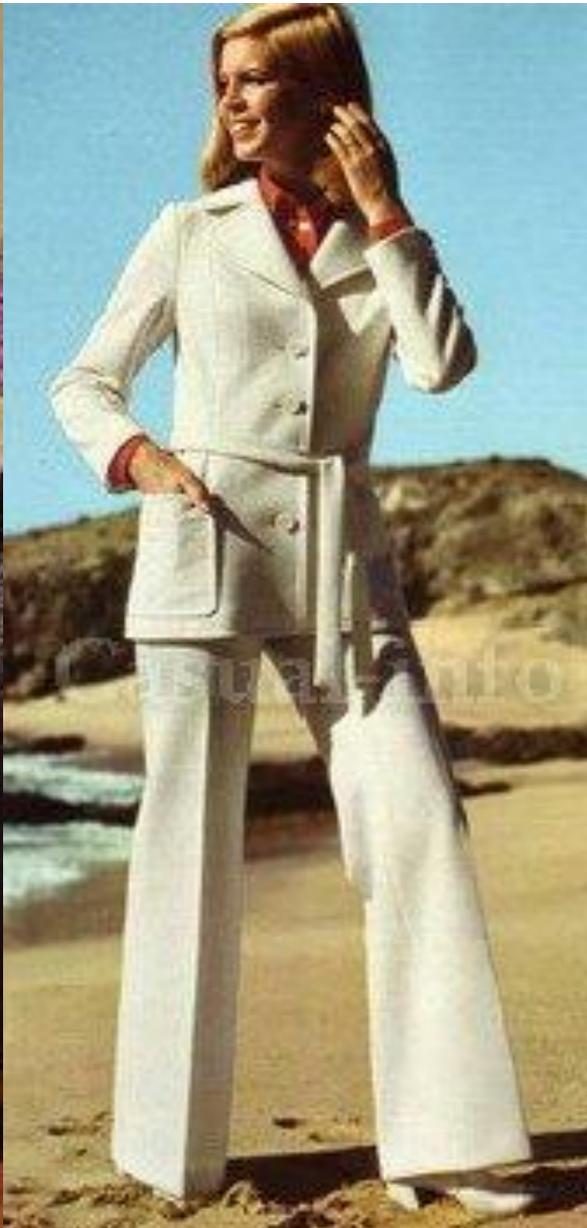

Gregarious, outgoing, you prefer wit to glamour, are impatient with clods. You are mercurial about clothes, see-sawing from establishment to far-out from day to day.

To please both sides of your nature, choose clothes that are versatile in "true" colors with a long life span. Play up the love of diversity with accessories.

8392: jumper or coatdress with ascot dress. Back belt. Misses' 8-16. \$1.00. Designer Fashion. Anglo wool gabardine. Crown acetate print. Buttons by Lansing. Backviews. Page 182.

*good news, all you secret stanley

attire **BY ROBERT L. GREEN**

Like, if God had meant for us to wear dinner jackets all the time, He wouldn't have created T-shirts, right? It's one thing if you're invited to the Presidential Inauguration or a heavy opening night at the Met, but when time's to be killed by the gum-ball machine—well, that calls for real class. Besides, who wants to boogie in opera pumps? Another T-rific thing about T-shirts is that they're basically nonproductive. You just pull one on and stand there, cool as you please. Because when you're into a body-hugger, you're into a whole different scene. Like the lad at right, who's got two very comfortable numbers wrapped around him. The one of cotton knit is a multicolor Navaho-type print, by Madonna, \$6.

Or take this guy. He's just finished combing his hair and his necker knob hand is plumb tucked out. So what's he do? Try the real thing—a cotton knit T-shirt with contrasting trim and tricolor sleeve treatment, by Gordonn Gregory, \$5.

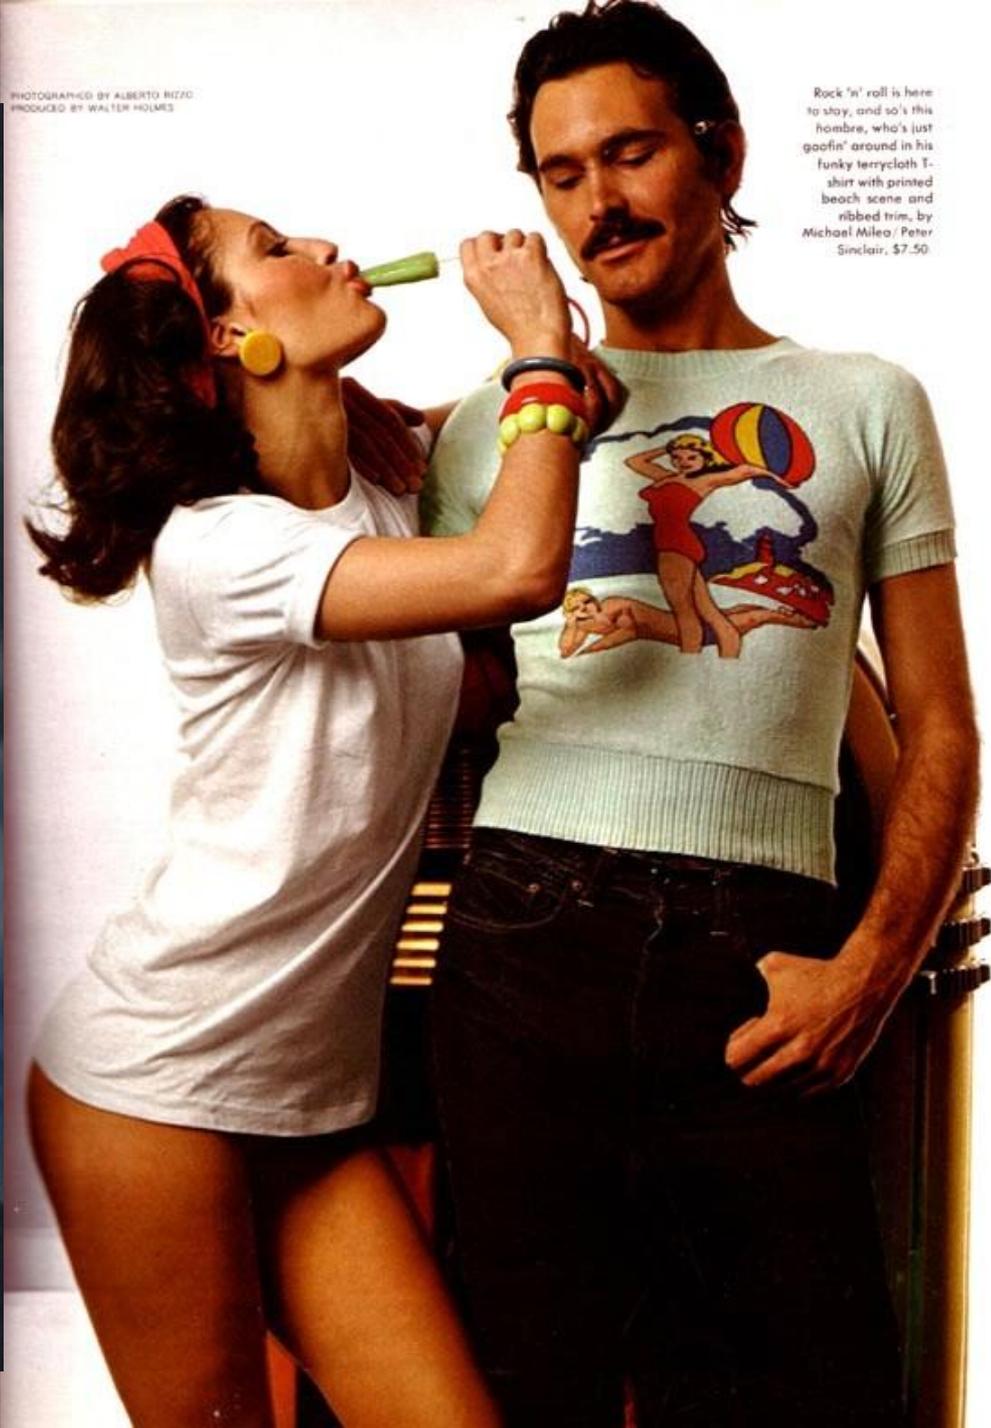

When it's playtime and you're up for a super-big score—at the old pin-ball machine, of course—why not come on like this flipper king, who's wearing a special-order multi-color knit Antron T, by Peckerwood, \$30.

Calvin Klein

He built his reputation with a sparse, stark style, and for spring-to-summer 04 he offers a color-Klein holds true to his understated palette of black, white, and beige. But subtle shades don't mean unimaginative fashion. Klein presents some of the season's sexiest shapes—ribbed jackets, nightgown-inspired slip dresses, and slim skirts in the ladylike-to-the-knee length the designer helped pioneer for fall.
