A photograph of the Eiffel Tower in Paris at night, illuminated with warm golden lights. The tower's intricate lattice structure is visible, and the sky is a deep twilight blue. In the foreground, the wet pavement reflects the lights, and a few people can be seen walking. The word "Attractions" is overlaid in the center in a large, white, sans-serif font.

# Attractions

A low-angle, upward-looking photograph of the Eiffel Tower in Paris at night. The tower is illuminated with warm, golden-yellow lights, making its intricate lattice structure stand out against a deep blue twilight sky. The perspective is from the base of the tower, looking up through the arches. In the foreground, there are dark silhouettes of trees and a street with some traffic signs. The word "MUSEUM" is overlaid in large, white, bold, sans-serif capital letters across the middle of the tower's structure.

LOUVRE

LOUVRE

A low-angle, night-time photograph of the Eiffel Tower in Paris, France. The tower is illuminated with warm golden lights, creating a strong contrast against the dark blue twilight sky. The perspective is from below, looking up at the tower's intricate lattice structure. In the foreground, there are streetlights with starburst effects and the silhouettes of trees and a road sign. The overall mood is romantic and iconic.
