## □ Cleopatra-the greatest ruler

Cleopatra was born 2 November 69 year until our era. The true place of birth is still a mystery, but it is believed that her birthplace-the cultural center of the ancient world Alexandria.

About childhood and youth Cleopatra virtually nothing not known. But it is worth assuming that the future ruler binge read books in the library of Alexandria and studied music, because she was able to philosophically reason, reasoned to think, played various instruments and knew eight foreign languages.

Cleopatra's name is known to all - she was not only an outstanding ruler of Egypt, but also an amazing woman. More than two millennia have passed since her death, but she is still remembered as one of the personalities who changed history.

- Cleopatra had a remarkable intellect and was a polyglot(spoke nine languages, at least). She is the only one of all the kings of his dynasty for 300 years learned the Egyptian language. She also studied mathematics and astronomy.

This amazing woman, who died at the age of 39, became a symbol of the fall of Egypt as the greatest civilization of the Ancient world
