Priority 1 - building LC2LC partnerships, have goals with your LC2LC, using promo materials, developing clear communication channels, engagement of department, investments in CEED, offer to unis for sure

Priority 2 - building LC2LC partnerships without goals, using promo materials, use also national searchtool. Moreover, these countries can reply to us faster, and we had them a lot of RE

Priority 3 - don't need to have LC2LC, use just national searchtool. For oGIP keep in mind that these countries require to be enrolled in university and also Poland!!

Priority 4 - don't need to have LC2LC, use just national searchtool. We didn't work with these countries, we didn't know how the internships are going on there. But these countries want to work with us, and because of that's CEE region, cheap tickets, not expensive. Just depends on you, how you will use it

COMMUNICATION

- INDIA – they answer very very fast. Use also whatsapp or fb
- MoC – very slow in communication, use WeChat + e-mail + write in Skype. We will have common chat with MoC in order to be very fast
- Colombia – the average speed is ok. Use e-mail, fb and whatsapp
- Serbia – in GCDP they are very fast, use e-mail, fb and whatsapp. In GIP the speed slow, use e-mail, fb, whatsapp and put me in a copy in e-mail
- Indonesia – they are fast, use e-mail and fb

Others and how to make them answer very fast:

1. EP applied in TN
2. At the same time write to TN manager in e-mail, put EP and me (Andrew) in a copy
3. Write at the same time in fb, whatsapp, wechat (whatever, only one source use here)
4. If there is no reply during 2 days, track them again and tell it to me (I need: TN link which EP applied, name and surname EP, TN manager e-mail, LC)

How to build LC-LC Partnerships

Our recommendation: if you had before not a lot of RE, now in the stage of promotion you just need to raise EPs for national partners, use searchtools for it. After when your scale of operations will increase - set LC2LC

*What's
LC-LC
Partners
hip?*

- ❑ Long-term Agreement co-delivered by LCs
- ❑ Measurable-goals
- ❑ For mutual benefits

*Why
LC-LC
Partners
hip?*

- ❑ To deliver more and better powerful exchange experience
- ❑ To make the whole process faster and easier

Timeline of building LC2LC partnerships:

- 1. Preparation for LC2LC partnerships
- 2. Meeting with LC2LC partner
- 3. Communication after the meeting
- 4. Co-delivery (alignment of LEAD, OPS, IPS, servicing during the internship from both sides)

1. Preparation for LC2LC partnerships

- What kind of EPs are you able to raise? (EP profile)
- Where do I find such TNs/ Projects?
- How is the visa situation?
- Find the LCs with the same scale of operations (check analytics in EXPA in order to choose your LC partner based on the same level of operations)
- Are they able to provide good JD/accomodation and other logistics?
- Know clear about your LC goals for each program
- Check LCs the NPS and visa requirement before approach LCs

2. Meeting with LC2LC partner

- Ask and know more about the specifics: Timeline, Internship Details (JD, Salary, accommodations...), Quality delivery, Visa requirements
- Set the goals, communication rules (fb group, email, podio, frequency, updates...), and other details about the partnership.

3. Communication after the meeting

- Final responsible person allocated to each partnership
- Ensure the HR to support operations and understand the purpose of * cooperation
- Follow the communication rules and communicate with partnership
- Engagement of the department in LC2LC (Skype meetings, e-mail, whatsapp group and so on)

4. Co-delivery (alignment of LEAD, OPS, IPS, servicing during the internship from both sides

- Will be added soon 😊
