## Research Project

Over the course of the last decade, however, we seem to have reached a general agreement that creativity involves the production of novel, useful products words, the production of something original and worthwhile. Authors have diverged dramatically in their precise definitions.

Beyond these general commonalities reckons that over a hundred different analyses can be found in the literature. As an illustration, one definition given described it as a process of becoming sensitive to problems, deficiencies, gaps in knowledge, missing elements, disharmonies, and so on identifying the difficulty searching for solutions.
