Maths puzzles

Maths puzzles

- Think of a number less than 10
- Double the number
- Add 8 to the result
- Divide the result by 2
- Subtract the original number
- Convert the answer into a letter of the alphabet A=1, B=2, C=3, D=4, E =5 etc
- Think of a country which starts with the first letter
- Think of the name of an animal whose name starts with the second letter of this country
- Think of the colour of this animal
- There are no grey elephants in Denmark
- Or perhaps, you chose a grey, ostrich from the Dominican Republic

Maths puzzles

- Pick a 3 digit number where the first and last digits differ by 2 or more

  e.g. 724

- Consider the reverse by writing it backwards e.g. 427

- Subtract the smaller of these two numbers from the larger

- Add the result to its own reverse

- Is your answer 1089?
