

A photograph taken from space showing the Earth's horizon. A vibrant green aurora borealis is visible along the horizon line. Below the horizon, the Earth's surface is covered in a dense network of city lights, with a particularly bright cluster of lights in the lower-left quadrant. The top right corner of the image shows a portion of a satellite or space station structure. The text "LIVE IN SPACE" is overlaid in large, bold, red capital letters across the center of the image.

LIVE IN SPACE

Plan of the text:

- *1) Living among the stars*
- *2) Keeping clean and healthy*
- *3) Good housekeeping*
- *4) Time to relax*
- *5) Spare time in space*
