

Деревянные узоры

Абрамцевско-кудринская резьба

The image displays a close-up of a wood carving with a dense, repeating floral and foliate pattern. The design is highly detailed, with deep relief and intricate line work. The motifs include stylized leaves, some with serrated edges, and small, five-petaled flowers. The wood has a warm, reddish-brown tone, and the lighting emphasizes the three-dimensional quality of the carving.
