of her own little sister. So the boat wound slowly along, beneath the bright summer-day, with its merry crew and its music of voices and laughter, till it passed round one of the many turnings of the stream, and she saw it no more.

Then she thought, (in a dream within the dream, as it were,) how this same little Alice would, in the after-time, be herself a grown woman; and how she would keep, through her riper years, the simple and loving hearts of her childhood; and how she would gather around her other little children, and make their eyes bright and eager with many a wonderful tale, perhaps even with these very adventures of the little Alice of long-ago; and how she would feel with all their simple sorrows, and find a pleasure in all their simple joys, remembering her own child-life, and the happy summer days.

I believe that his name was Nutkin  
and that he had a brother called  
Winkleberry,  
and this is  
the story of how  
he lost his tail —

There is a big island in the  
middle of the lake, covered with wood  
and in the middle of it stands  
a hollow oak tree which is the  
home of an owl, called Old  
Barn. One autumn when the  
nuts were ripe, Nutkin and  
Winkleberry, and all the other
