

The museum of lies

The creators of this museum say that all the exhibits are fake.
Cheating starts with the building of the old castle. Actually this building is new.

The museum has 10 rooms and all of them are filled with different artifacts.

Museum collection is very interesting. Here you can see the current flying carpet:

Cut off Van Gogh's ear:

The radiostation from "Titanic":

False mustache of Hitler:

Withes broom:

Toy airplane belonged to the young future Chancellor of Germany:

And a mop belonged to the father of Stalin:

The end.

The Museum of
