

An underwater scene with vibrant blue and green colors. In the foreground, there are various types of coral, including a large starfish on the left and branching corals on the right. A school of small, silver fish is swimming in the upper part of the frame. A single, larger fish with a dark stripe is swimming in the center. Bubbles are rising from the bottom. The overall atmosphere is bright and clear.

## Become a Retail Customer

Our goal is to develop the largest retail customer subscription base as possible. We offer you the opportunity to subscribe to a phenomenal product that offers you a real savings value every time you use your product. In many cases the travel products that are offered to the public are products that are overpriced and the value just isn't there. Again your subscription with Digital Deals 4U will provide the value you are looking for. Our program is easy to use and it doesn't matter how you use it. You may travel for business, week end getaways, traditional vacation and holiday travel or the special once in a lifetime trip. We don't care how you use it, we just want you to get the most out of your subscription and share your story with others.

In addition to the savings of up to 40% on your travels probably the best part of your subscription membership is having no restrictions on when you can use your service. If the property you choose has availability on the dates you select you are ready to go. No blackout dates, advance notice requirements, deposits etc.
