

Do you have any
problems with your
friends?

**What do YOU think about
friends and friendship?**

Friendship

**Friendship is a thing for two,
Three or four, even more,
Like a song that is made to
sing.**

Friendship is a doing thing.

How do you know?

How do you know
If someone is a friend?
For me it's a person
Who stands by you till the end,
A person who cares,
A person who shares.
A person who sticks around
When you are falling down,
A person who's fair,
Someone who's always there.
A friend betrays you never,
And a friend lasts forever.

Настоящий друг!

Если что-то случится вдруг,
На помощь спешит настоящий друг!
Друг тебя всегда простит
И секрет он твой хранит.
Если друг есть у тебя,
Например такой, как я,
Ты всегда под защитой друга,
И жить можешь без испуга.
Дружба – она вечная
И всегда сердечная.
Друг не предаст тебя никогда,
Настоящий друг – навсегда!!!

1. Ted

I for one have a lot of friends. They are people who I can have great fun with. When I'm in trouble they're always there to cheer me up. Let's take Jack, for example. He's the one who I can turn to when I have problems at home. I can talk all my problems through with him. He's supportive and can keep secrets. It's important, isn't it? And Jane? She's so brainy! I always turn to her when I have problems with maths. Jessica is great at working on the computer. She teaches me how to work, too. She's so kind and considerate. We have a lot of similar interests with Mike. And besides Mike is the only one I can play football with! Each time we all get together we have a good laugh. Sometimes we have arguments but we make up quickly. We are never bored!

Friendless? It's a problems for me. I don't have a brother or a sister. There is no one of my age I could have as a friend. I only have a cat to play with. Of course I mix with my classmates at school. But that is not the same as having a best friend who I could share my problems and secrets with.
