Quotations are commonly printed as a means of **inspiration** and to invoke philosophical thoughts from the reader.

THIS IS A **SLIDE** TITLE

- ▶ Here you have a list of items
- ▶ And some text
- ▶ But remember not to overload your slides with content

You audience will listen to you or read the content, but won't do both.

BIG CONCEPT

Bring the attention of your audience over a key concept using icons or illustrations

YOU CAN ALSO **SPLIT** YOUR CONTENT

White

Is the color of milk and fresh snow, the color produced by the combination of all the colors of the visible spectrum.

Black

Is the color of coal, ebony, and of outer space. It is the darkest color, the result of the absence of or complete absorption of light.

IN TWO OR THREE COLUMNS

Yellow

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

Blue

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

Red

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

A PICTURE IS WORTH A THOUSAND WORDS

A complex idea can be conveyed with just a single still image, namely making it possible to absorb large amounts of data quickly.

A blurred office desk scene. In the foreground, a wooden desk holds a white mug, a pair of glasses, and some papers. A large, white computer monitor is the central focus, slightly out of focus. The background shows a dark office chair and a window with a grid pattern, letting in soft light. A white diagonal shape on the left side of the image contains the text.

A world map with a light blue background and white landmasses. Six black triangles indicate office locations: one in North America, one in Europe, one in South America, one in Africa, one in Asia, and one in Australia. A callout box with a white background and black border points to the North American location, containing the text "our office".
