Music in Our Life

People cannot live without music. They can listen to music everywhere even in the forest, when they walk and listen to birds singing.

Music can be classical and modern. Classical music is performed by symphonic orchestras in great halls. There are a lot of famous composers whose music is played nowadays. Classical music is serious and requires good understanding that's why it may seem to be boring and dull for someone.

Most people prefer modern music. Modern music is performed on TV and radio. Modern music has different genres: pop, rock, disco, rap, techno and others. Most young people like dance and pop. Older people are fond of jazz, rock and pop. There are a lot of singers and music bands who perform this or that kind of music. Now there are a lot of discs and records of different performers.

The last achievement in music production is a clip. Musical clips are short films accompanied by the melody. It may be a short story telling about the message of the song or simply a great number of different pictures. People like to watch clips because it's not only listening to music but also watching interesting things. I'm fond of music and like to listen to it because it helps me to have good relaxation.

My favorite group

The artist bio: "Okean Elzy" (Ukr. Okean Elzy) is a Ukrainian rock band. In 2013, according to Ukrainian portal rock.ua were named the best Ukrainian rock band in the last 25 years.

In 1992, as a student, drummer Denis Glinin created a group "Clan of peace", which included his friends Andrey Golyakov (vocals), Pavel Gudimov (guitar), and their mutual friend Yuri Hustochka (bass guitar). The band performed mainly in the palaces of culture of his native city. After two years, Andrey Golyakov got married and left the band — "the Clan of silence" became a trio. In March 1994, the children got acquainted with 18-year-old student of the Department of theoretical physics Sviatoslav Vakarchuk. Summer Vakarchuk first visited the group rehearsal, and by the fall became a full member of the team. On 12 October 1994, as is commonly believed, has founded a new group "Okean Elzy". At this time, Sviatoslav became interested in the Odyssey of the Cousteau team, and since the guys in the band didn't rule out the possibility of international career added to the name of the cosmopolitan name "Elsa" (Elsa), which is simply everyone liked it. In the beginning the boys played a mixture of pop and rock music. Svyatoslav became both the lead singer, main songwriter and lyricist of the group.
