

JFR Task Team

JFR Task Team

We need every functions for success.

All functions are established

by JFR Task team.

JFR Task Team

JFR Bio Laboratory in RIKEN
Development

TOKYO TECH
Tokyo Institute of Technology
Research

JFR Tokyo office
Business

OSONE SHOJI K.K.
Production

Trial Field
Farm

Distribution

JFR subsidiaries and distributors in the world

Design office
Kujiral Design office

The JFR Task Team

1. Researching

1) University

- Tokyo Institute of Technology (TNT) : Basic research
- Juntendo university : human trial
- Tokyo university of Marine : fish trial
- Some agriculture universities : livestock trial

2) JFR

- JFR Bioscience Lab : Application research and development

2. Production

1) Factory

- Osone Shoji K.K.(OSK) : Production and Plant design

2) Design office

- Kujirai design office : Building design

3. Supplier

1) Big size company

- Asahi group : Yeast product (Yeast cell wall, Yeast extract)
- Morinaga : Lactic acid bacteria powder (Bifidobacterium, Lactobacillus)
- Great wall enterprise : Bacillus product

2) Middle size company

- Special material suppliers etc.

4. Sales Network

1) JFR

- JFR office : Technical sales center, Japanese market

2) JFR subsidiary

- JFR RH(Russia) : East Europe market
- JR Research(Portugal) : West European market and South American market
- Santé Peptide(U.K.) : West European and North American market
- JFR Korea(South Korea) : Korean market (← coming soon)
- JFR Africa(Kenya) : African market (← coming soon)

3) JFR distributor

- Ginmax(Taiwan) : Taiwan market, South East Asia market
- Shanghai Naseco(China) : Chinese market
- 3K(India) : Indian market

5. Customer's relation

1) Good relation company

- Great wall feed mills (Taiwan, China, Vietnam, Malaysia, Indonesia : 30 factories)
- Anyo feed mills (China : 200 factories)
- Syngen biotech (Taiwan: No 3. pharmaceutical group)

2) Big customer

- Nissin food (Japan : No.1 cup noodle company)
- CP (Asia etc.:No.1 feed integrator in the world)
- Halim (Korea : No.1 Broiler integrator in Korea)

3) Middle customer

- JFR has a good relation with a lot of middle and small companies for OEM and ODM.

The IP Value of JFR Team

The IP Value of JFR

IP value of JFR

1. Research

1) Tokyo Institute of Technology

- ① The know-how and Patent of new technologies is **3,000,000 US\$**
- ② Total cost of researching during this project for 6 years is **1,000,000 US\$**

JFR is supporting the research by money and human recourse.

The supporting of research money is 50,000 US\$/year.

The supporting of human recourse is one researcher.

- ③ The know-how of research is **1,000,000 US\$**

2) JFR

- ④ JFR Bioscience Lab stock some good bacteria strains for using by Kazan bio center. 20 strains × 100,000 is **2,000,000 US\$**
- ⑤ The know-how of selection good bacteria and fermentation and developing product is **1,000,000 US\$**

2. Production

3) Osone Factory

- ⑥ The know-how of Production is **2,000,000 US\$**
- ⑦ The know-how of Plant design and selection of equipment is **1,000,000 US\$**

3. Sales

4) JFR

- ⑧ The value of JFR sales network and customers is **1,000,000 US\$**

Total IP value of JFR is 12,000,000 US\$
