SKINHEADS

By NIKITA SHEYKO 9 V

• SKINHEADS - collectively, the representatives of the youth subculture, but also several of its branches.

appearance

In 1969 young British workers from the suburbs of London and Liverpool began to speak out against hippolita and fashion the ideology of "Peace and Love". Long hair they contrasted shaved heads, and pacifism clashes with gangs of young rockers. Initially, the skins adhered to the anti-racist views: they were closely tied to their proletarian roots

How they look?

polo and sweater,

• jeans

coarse boots.

ALSO:

checkered shirts,
jeans jackets ,

tucked jeans

Ition Skineds Office as a reaction to the emergence of protolytic branches from the original subculture. Follow the first image of the skinhead subculture devotion, the memory of the roots (family, working class), apolitical. Not the official slogan «Remember the Spirit

Power skinheads iglist skinheads appeared in England in the first half of the 70s. Adhere to the ideologies of right-wing, nationalists or racists, some are promoting the idea of racial separatism and superiority of the white race

R.A.S.H. ed & Anarchis SkinHeads - "Red" and anarchist skinheads, which inherited from "native" working class ideas of socialism, communism, anarchism. Propositione movement.
