А любовь – это обобщённое понятие, которое может обозначать любое из многочисленных чувств и эмоций, связанных с привязанностью и тёплым отношением. Изначально День Святого Валентина ассоциировался только с романтическими парами, но сегодня этот праздник воспринимают в более широком смысле.*

## *St Valentine's Day Poem*

It's Valentine's Day. And in the street

There's freezing rain, and slush, and sleet.

The wind is fierce. The skies are grey, I don't think I'll go out today. But here inside the weather's warm, There's no trace of wind or storm. And you just made the morning shine:

You said you'd be my Valentine.
