

The BBC logo is centered in a purple rectangular box. It consists of the letters 'B', 'B', and 'C' in white, each enclosed in a white square, which are then placed side-by-side within the purple box.A photograph of a geyser erupting in Yellowstone National Park. The geyser is a large, white, conical plume of water and steam rising from a rocky, greyish-brown geyser field. In the background, there is a dense forest of green evergreen trees under a bright blue sky with some light clouds. A faint rainbow is visible in the lower right portion of the steam plume.

Yellowstone National Park

A wide-angle photograph of the Grand Canyon National Park. The image shows the vast, layered rock formations of the canyon, with a mix of red, orange, and brown hues. The canyon walls are steep and show clear horizontal geological strata. A winding river, the Colorado River, is visible at the bottom of the canyon, flowing through the deep, narrow gorges. The sky is a clear, pale blue.

The Grand Canyon National Park
