Visual language – refs
Dr. seuss style

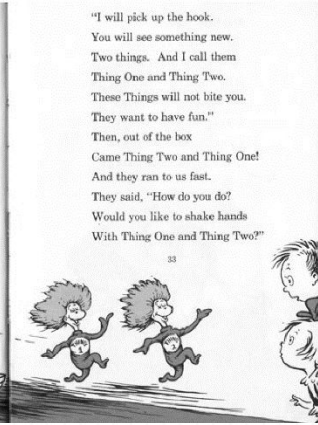

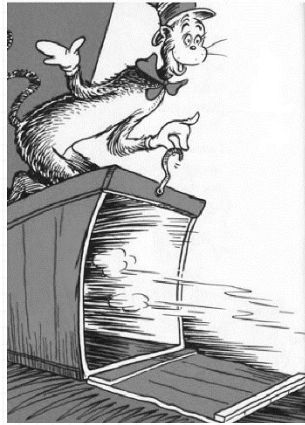

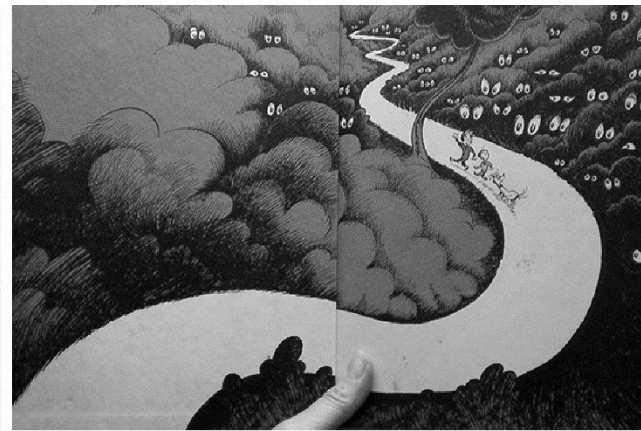

This is a great ref for line style illustration we are looking for.

We don't want to use Dr seuss characters! Rather create our own distinctive charcters

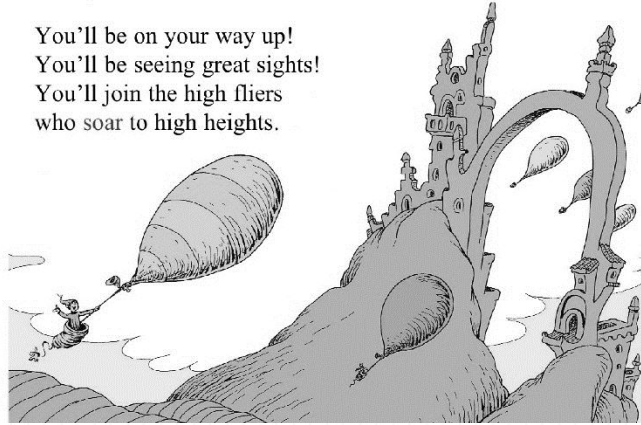

And at that very moment, we heard a loud whack!
From outside in the fields came a sickening smack
of an axe on a tree. Then we heard the tree fall.
The very last Tree-fall Tree of them all!

"I will pick up the hook.
You will see something new.
Two things. And I call them
Thing One and Thing Two.
These Things will not bite you.
They want to have fun."
Then, out of the box
Came Thing Two and Thing One!
And they ran to us fast.
They said, "How do you do?
Would you like to shake hands
With Thing One and Thing Two?"

You'll be on your way up!
You'll be seeing great sights!
You'll join the high fliers
who soar to high heights.

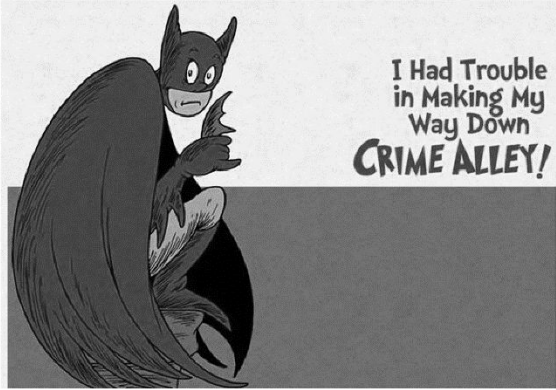

This is a great ref for composition

We don't want to use Dr seuss enviroments! Rather create our own distinctive enviroments!

All through with the searching! All through with the looking!
I had all I could! And now for the cooking.
I roiled in the kitchen, the place where I cooked 'em.
I rolled up my sleeves, I unpacked 'em and cracked 'em
And stacked 'em and stacked 'em in sixty-nine pairs.
Then I mixed in some beans, I used fifty-five cans.
Then I mixed in some ginger, nine peaches and three figs
And parsley. Quite plenty. Just twenty-two sprigs.
Then I baked my enormous wick and a dove
And my scramble was ready to go on the stove!
