

An aerial photograph of the Dubai skyline at dusk. The Burj Khalifa is the central focus, its spire reaching into a dark blue sky with wispy clouds. A bright, curved light streak, possibly a meteor or a light trail, arcs across the upper right portion of the sky. The city below is densely packed with various skyscrapers and residential buildings. In the foreground, there are lower-rise buildings and a body of water with some greenery. The overall lighting is a mix of the cool blues of the twilight sky and the warmer yellows and oranges of the city lights.
