VIANOR PROJECT

In accordance with the approved policy of strategic business development of ADM Machinery & Service company a key direction of the organization was to define a set of services in terms of establishing a tyre center for both commercial organizations and for the retail market as well.

Under the terms of the concept we consider the partnership with Nokian Tyres regarding opening of a branch office of «Vianor» in Karaganda very long-range and top-priority.

The key direction will be – to expand the partnership with existing corporate clients, such as

«Kazakhmys Corporation» LLP,
«ArselorMittalTemirtau» JSC,
«ENRC» LLP,
«Atlas Copco Central Asia» LLP,
«Sandvik Mining And Construction
Kazakhstan» LLP,
«Borusan Makina Kazakhstan» LLP,
«EvroTekhService» LLP

as well as governments and financial institutions . The conduction of full-scale advertising and marketing policy will attract the attention of the individual consumer.

MACHINERY & SERVICE
