

Saint Patrick's Day

March
17th

***According to legend
St. Patrick's:***

- brought Christianity to the country*
- changing paganism*
- he drove off the island of snakes*

In Ireland and around the world held a mass parade in extravagant costumes, with the participation of famous brass bands with bagpipes.

*Another characteristic feature is that almost all the festive dishes on this day, even sweet, added ...
beer!*

*If you went out in the spring
to the street, and all around
the green, the river pours
beer and loud bagpipes - do
not doubt, it is a favorite
holiday of all Irish!*
