

Photos for captions

Authoring your captions

Insert speech bubbles using AutoShapes on the Drawing Toolbar (View > Toolbars > Drawing)

Add text by clicking inside the shape and typing.

Move the pointer using the yellow 'handle'.

Instructions

- *Look at the situations in the photos.*
- *Choose some of the photos and write suitable speech for the situation.*
- *The first is done for you.*

I'd like a nice steak for dinner tonight.

This meat is on special if you're interested.

Thank you, we'll take it.
