What can people do during self-isolation?

My name is Afanasef Jaroslav

► Usually people during the quarantine sleep
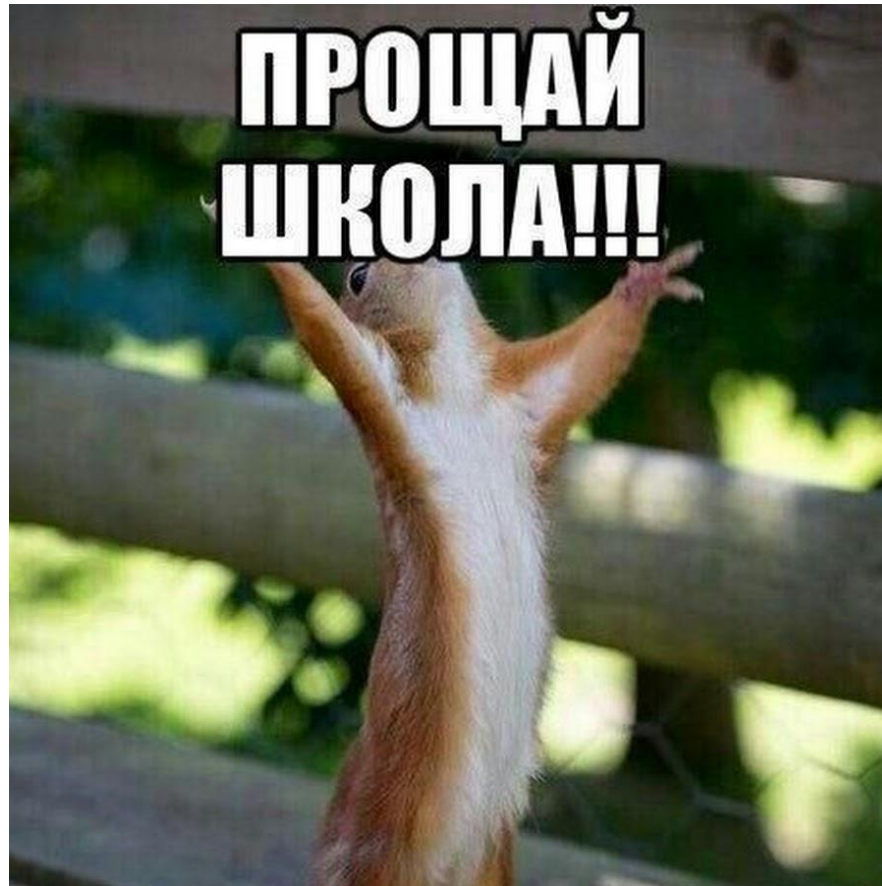

► play computer game.

► do nothing.

► and are happy that there is no homework

- Play Board games

► Clean up the apartment

► But the quarantine is a great opportunity to start learning something new.

- do your favorite thing

► develop in the field of interest.

► Start learning programming

► Get started and learn animation (open full screen mode) I made this animation

Thanks for attention
