

KINDERGARTEN SIGHT WORD EASTER MATS

Sight Word Build an Easter Chick Mats

I LOVE using [learning mats](#) – they are so much fun for kids and best of all, they are quick to setup and play! Use these mats to help kids learn to read and identify their sight words. We know that with learning, repetition and practice is key. Kids will be motivated to ‘build their chicks’ as they read and match sight words. You can work on ANY sight word list you want since this file is totally editable! After you’ve printed and laminated the cards and the mats, cut the sight word ‘chick’ cards on the guide. Place the sight word cards along with the mat on the table. Have the kids start by choosing a chick sight word card, read the sight word on it and then find the matching piece sight word card to build their chicks. They can build up to three chicks on the one mat. You can of course, print this mat on a larger A3 sized poster paper to have them build even more at once.
