

Как загрузить фото в Инстаграм с компьютера

Заходим на сайт инстаграмм в браузере

Вид окна «Планшет- телефон»

Вверху выбираем второй значок,
чтобы он стал синим

The image shows a browser window displaying the Instagram mobile interface. The top navigation bar contains three icons: a search icon, a camera icon, and a profile icon. The second icon (camera) is highlighted in blue. A red arrow points to this icon. The browser's developer tool is open on the right side, showing the HTML structure of the page. The selected element is a `div` with the class `__d2vev__`. The developer tool interface includes tabs for Elements, Console, Sources, Network, Performance, Memory, and Application. The Elements tab is active, showing a tree view of the DOM. The selected element is highlighted in blue. The browser's address bar shows the URL `https://www.instagram.com/`. The page content shows a post from the user `architecture_unusual` featuring a large, modern building with a glass facade and a central tower. The post includes a caption and several comments.
