Учим правило, стр.81

Профессор Рул приготовил для вас правило про необычные слова английского языка. Это артикли. Артикль – это маленький ярлычок, который приклеивается к существительному и ставится перед ним. Если мы называем предмет или животное первый раз, то используется артикль a. Если слово-существительное уже упоминалось, то ставится определённый артикль the. Имена, клички животных употребляются без артиклей.
