Republic of the  
Congo in the

Southern Uganda includes a significant portion of Lake Victoria making it part of the African Great Lakes region. The republic is also located within the Nile basin, and has a varied, predominantly equatorial climate.

STATE  
DEVICE

Uganda is a  
republic under  
the  
authoritarian  
rule of a single  
leader  
result of  
(president)  
the merger  
unicameral

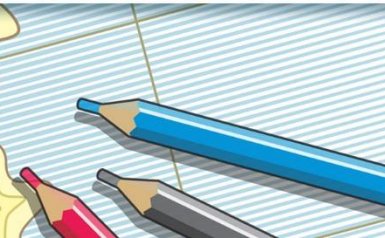

# NATURE AND CLIMATE

The vegetation is dominated by tall grass savannas, small tracts of tropical forests have been preserved.

The fauna is rich - elephants, hippos, buffaloes, antelopes, giraffes, lions, leopards, monkeys are found. There are many birds and reptiles (crocodiles, snakes), as well as insects (tsetse fly, malaria mosquito etc.). There are a lot of fish in rivers and lakes as a result of the 20-year civil war, they were gone. The last rhino in the wild was seen in 1983.

# CULTURE AND ART

The states that once existed on the territory of Uganda have left a rich cultural heritage in the form of such works of art as national costumes, musical instruments, amulets, wicker baskets, shields, spears, etc. Traditional dances are often shown on stage. The National Theater is a leading cultural center and patronizes theatrical and musical groups. He also sponsors the Uganda National Dance Company, which performs in the country and abroad.
