finished from General secondary education school No. 2049

Then I entered the Moscow pedagogical University at the faculty of art and graphics and after graduation received a diploma with honors. Now I continue to study in the magistracy department of drawing and printing.

*graduated from the
Moscow pedagogical
University*

*faculty of fine arts and
graphics*

Study at University

In art, I prefer drawing because I feel confident. Graphics attracts by their diversity in technology and materials. I like to draw with pencil, soft material and watercolor.

Experience

*internship at Mother ground
International Waldorf
kindergarten in Shanghai*

I was lucky enough to attend an internship at Mother ground International Waldorf kindergarten in Shanghai. There I took care of the children and teach master classes. We used natural materials, they are pleasant to the touch and safe for children.

My strengths

- Sociable
- Sanguine
- Creative
- Attentive

About the future

Now I work as a drawing teacher in the palace of pioneers on the thieves' mountains. it's not a full job.

In the future I want to work in this place, because I feel comfortable and familiar. also in childhood I has gone in different sections.

Thanks for attention
