FAS

TER!

Now. Listen.

My dad created this game a couple of weeks ago. In 1987, several children went missing, and my father decided to create a game about it. One day he didn't come back after work. It was 3 o'clock in the morning. Someone just kicked down our door. I heard my mother screaming and she was trying to tell me that I needed to run. After that I went up to the roof, but something went wrong and I slipped and died. Almost. My dad just digitized my brain into this computer game. I really can't believe I'm still alive. But that's NOT GOOD. I DO NOT KNOW WHAT IS HAPPENING TO MY FAMILY! I DO NOT KNOW WHAT IS HAPPENING IN THE WORLD! I'VE LOST ALL CONTROL! I WANT TO GO HOME! I WANT TO! HOME!!! Sorry about that. This is normal for me. It's just that the cuckoo is already coming. Not the first year here. My father worked at the pizzeria where the children disappeared. He was the CEO. He works with his best friend Henry. After 10 years of work, he accidentally killed my brother. Not really him. His creations. These are a Bear, a Chicken, a Fox and a Rabbit. They just took and killed my best friend and my brother. Then he created a new line of animatronics. FunTime. My sister, My sweet sister died BECAUSE OF THOSE STUPID CARS! After that, he became depressed. But one day he said, Joseph, I'm all right. With that idiotic smile. He argued with my mother for about two weeks, and after that they divorced.

I can't believe it. They argued about missing children and deaths.

My dad just told my mom that he killed about 5 random kids. Then my mom took a knife for our safety, and we ran out of this damn house. After 2 years, my dad comes to my mom and says that he is rich because of the game. My mom said, "Fuck you! Get out of my house right now! And that night. Everything went wrong. I think my dad killed my mom. I think he tortured me because these stupid creatures (Animatronics) kill me every time I press the Start button. Help me. All you need is:

Kill my father.

Burn this disk.

And save the "BS.ini" file in the "IMPORTANT" folder of this game. (ATTENTION! YOU HAVE ONLY 30 SECONDS TO SAVE THE FILE AND BURN THE DISC! OR YOU CAN KILL YOURSELF, BECAUSE THIS DISK AFFECTS THE SUBCONSCIOUS OF A PERSON)!

Help me.
