I've chosen photo number 1. While travelling I always take lots of photos and today I'm going to tell you about one of them. I took this photo last summer when I was on holiday in New York. It was the early morning.

In the picture you can see a man. It's my uncle. Also, there are 4 pigeons flying in the sky and a lot of skyscrapers with the Empire State Building in the background of the picture.

I asked my uncle to show me his birds. As you can see, the pigeons **are flying** next to him. They **are playing** with each other in the sky. Their host **is smiling** watching it.

I decided to take this picture because I really like birds.

I have got a big collection of different photographs with them. This one will remind me about my uncle's pigeons and my travelling.

I decided to show you the picture because I know that you are interested in birds as well. I think you will buy a pigeon or a parrot in the nearest future. What do you think about it?
