Do not show logo or letters (ATLAS)

All trucks should look like the one
On the next page. Same color and
Same trailers. The only exception are
These three that should be drawn as
Shown.

Picture from this view. It should show the
Silos and surrounding machinery
, the desert, vegetation and lots of little
trucks

Place trucks
in the queue

Extend road (see other pictures)

Place two trucks with trailers here moving to the right

All MACK trucks in the picture are this color
