

# Beware! The USA's Dangerous Wild Animals

# Never try to feed alligators or walk too close to the edge of the water!

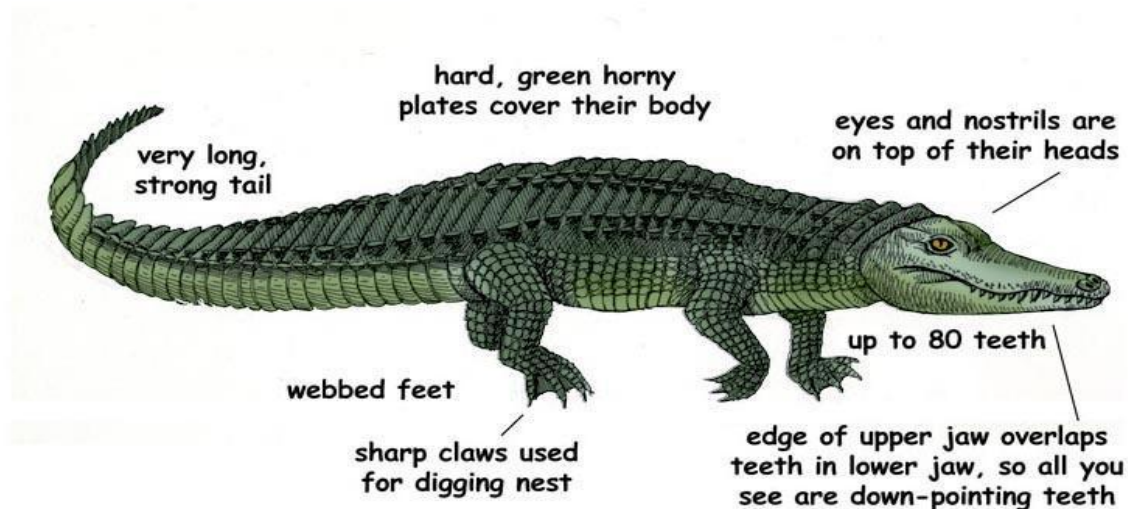

Range of the American Alligator  
(*Alligator mississippiensis*)

**Alligators are usually 3 to 5 metres long. They have about 80 constantly replacing teeth.**

### **American Alligator**

*Alligator mississippiensis*

**Grizzly bears can be unpredictable and ferocious.  
Don't run if you attacked!**

If you know there are rattlesnakes around, wear strong leather boots!

**Raccoons carry many diseases. If you are ever scratched by one, wash the scratch well and see a doctor immediately!**

**Do some  
research about  
dangerous wild  
animals in your  
country.**
