I always enjoy my summer holidays. My sister and I usually go to our grandfather's farm. We have a good time there: we meet our old friends and help our grandparents.

Last summer I travelled to Scotland with my family. We travelled by train. I liked Scotland very much.

This summer I'm going to visit York. York is very old, it has a lot of interesting places. I'm going to see them all. Some day I'd like to go to Russia, the USA or Canada.
