Mornin' constables. My name is Superintendent Mr Jack, I AM VERY IMPORTANT. I am having a few troubles catching a particular criminal and need some help.

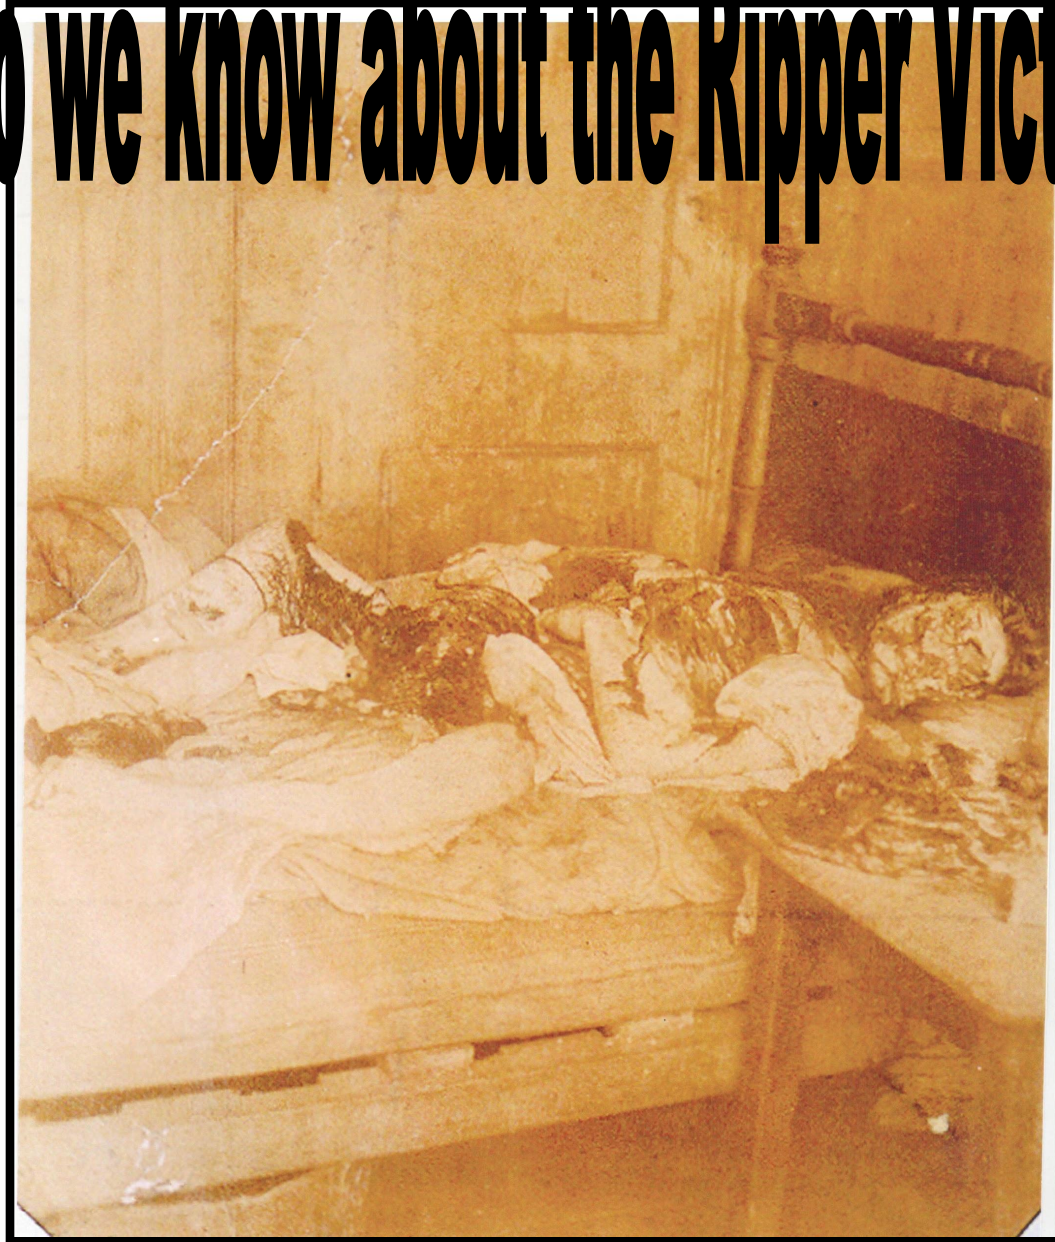

My first area I need to investigate is who his victims are.

Write a brief fact file on each of the 'Ripper' victims using the information you have been provided with- who, what, where when and occupation

Then, try and explain what all of these victims have in common.

EXT: There is another piece of evidence to investigate!!! From the information you have on the victims try to create a profile of the Ripper

What do we know about the Ripper Victims?

So my hardworking constables. What can you tell me so far about who you think Jack may be? What do we know about him already?
