

Установка среды для работы на Python

Установка среды для работы на Python

Установить текущую версию интерпретатора Python (в Linux скорее всего установлен) -

<https://www.python.org/downloads/>

The screenshot shows the Python.org website with a dark blue header. The Python logo is on the left, and navigation links for 'About', 'Downloads', 'Documentation', 'Community', 'Success Stories', 'News', and 'Events' are in the center. On the right, there are 'Donate', 'Search', 'GO', and 'Socialize' buttons. The main content area features the heading 'Download the latest version for Windows' and a yellow button labeled 'Download Python 3.8.5'. Below the button, there are links for 'Python for Windows, Linux/UNIX, Mac OS X, Other', 'Prereleases', and 'Docker images'. A wooden pointer is pointing to the 'Download Python 3.8.5' button. On the right side of the page, there is an illustration of two yellow and white striped parachutes with cardboard boxes hanging from them, set against a blue sky with clouds.

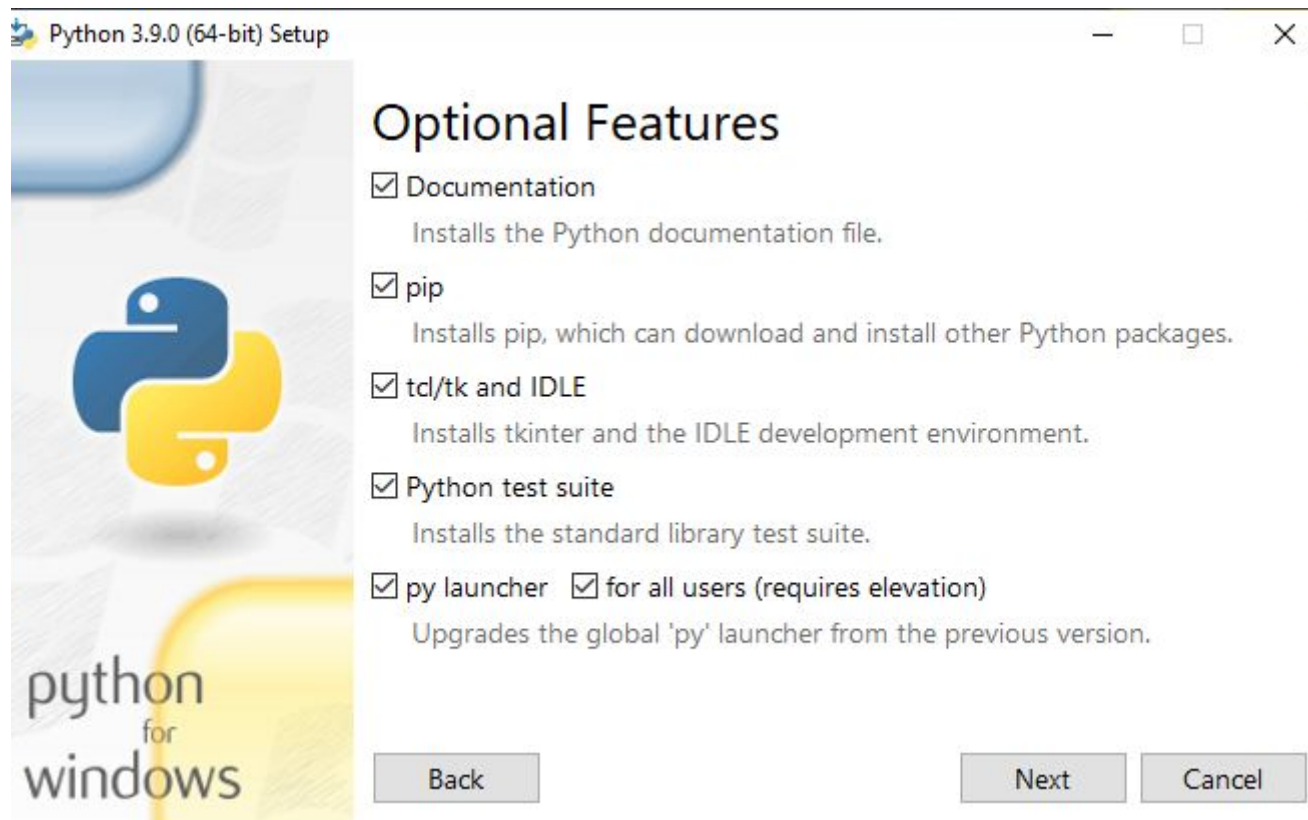

Установка среды для работы на Python

При установке поставить флажок "Add Python ... to PATH" и выбрать «Customize installation».

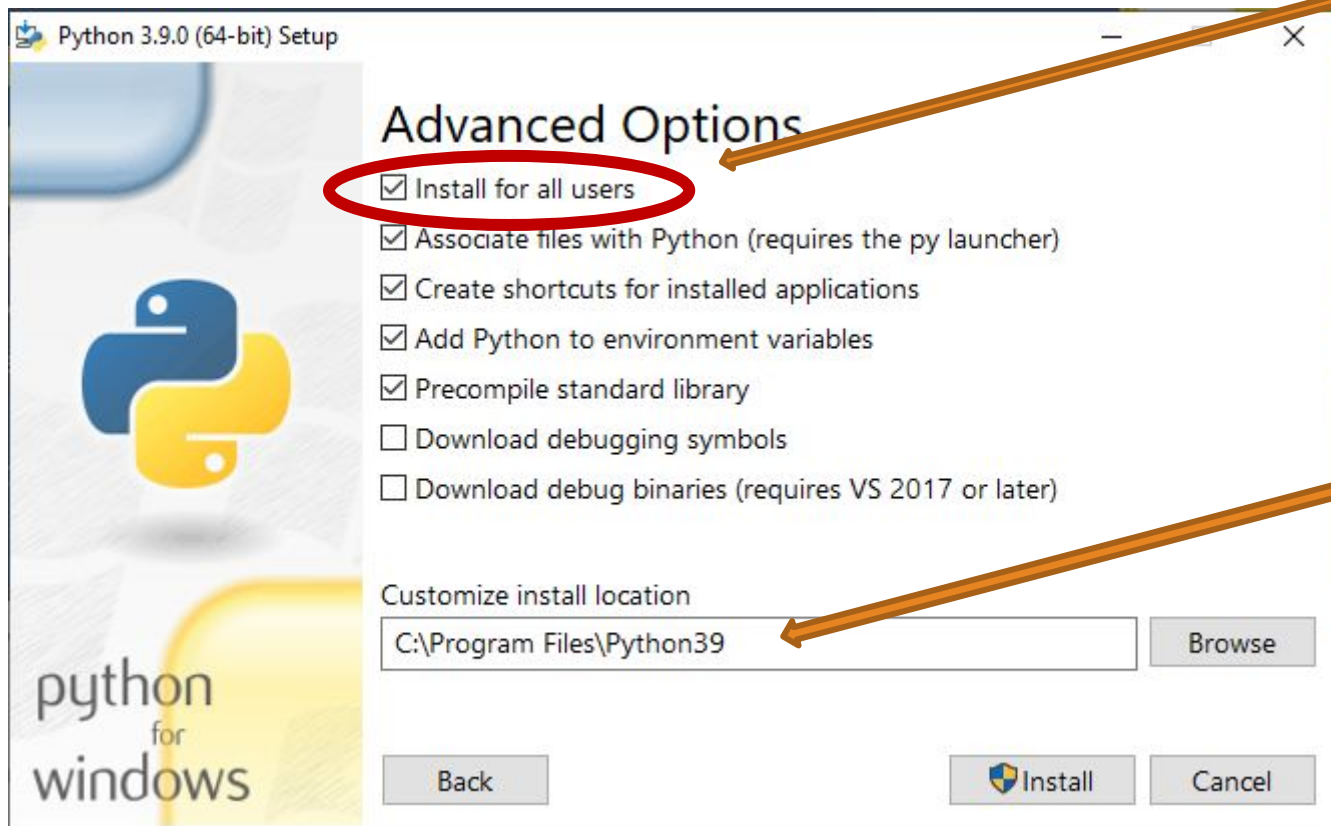

Установка среды для работы на Python

Следующий шаг – без изменений

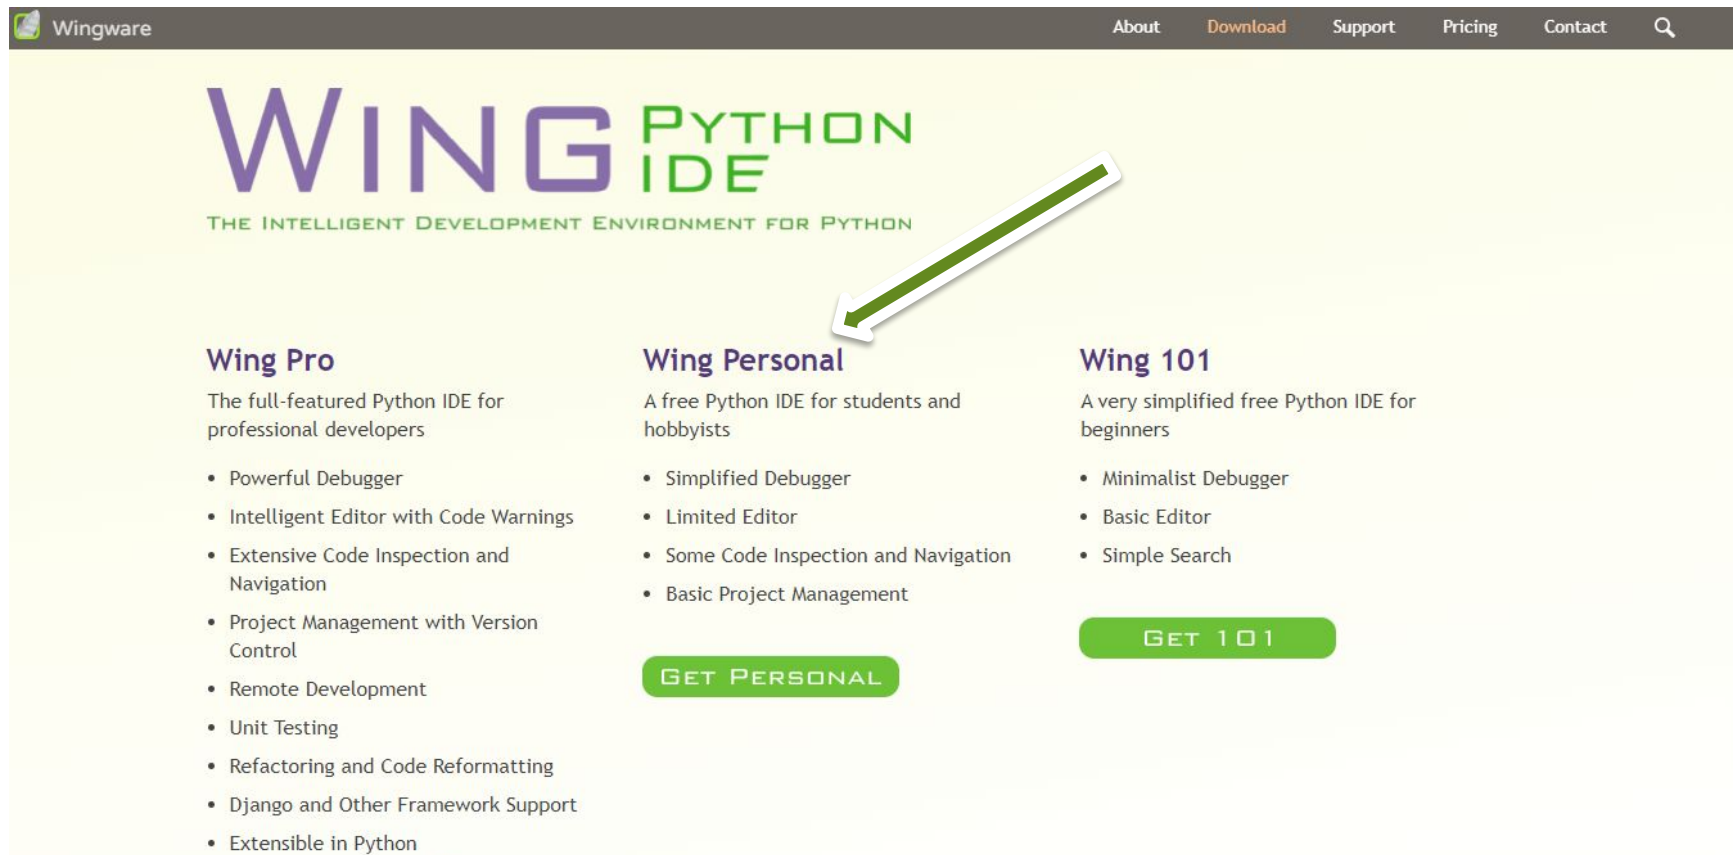

Установка среды для работы на Python

Далее поставить флажок «Install for all users». Путь установки должен измениться на «с:\Program Files\Python...»

Установка среды для работы на Python

Установить среду разработки Wing IDE-
<https://www.wingware.com/downloads>

The screenshot shows the Wingware website with a dark navigation bar at the top containing links for About, Download, Support, Pricing, and Contact. The main content area features the Wing Python IDE logo and three product cards: Wing Pro, Wing Personal, and Wing 101. A green arrow points from the top right towards the Wing Personal card.
